Calibrate your meters, Calculate the profits!

Your meters should be 98%+ accurate, but you're probably getting 92%-97%. Each point is worth another bushel or two per acre. There's a lot of room for improvement.

Your meters – finger, vac, Precision, Deere, Kinze, White, CaseIH – need to be calibrated to your spacing, speed and seeds. You'll see more ears, yield, profit.

In 100 side-by-side trials over three years, a major seed company proved that *annual* meter calibration adds an average of 5.7 bushels per acre.

Calculate your return. Then come in and have us clean and calibrate your meters before the spring rush. Ask us about other tools for managing spacing, depth and germination.

spacing | depth | germination

IMPLEMENT

OUR MAGNUM™ STORY: THE POWER YOU WANT. THE EMISSIONS YOU DON'T. THE END.

In recent independent tests*, the new Magnum 340 tractor with SCR (Selective Catalytic Reduction) technology outperformed the Deere 8335R tractor in fuel efficiency across the entire power band. Plus, the Magnum recorded up to 1% more drawbar horsepower than the competition. SCR technology provides the Magnum with clean, cool air, resulting in cleaner oil and less maintenance. To learn more, visit your Case IH dealer or caseih.com/beready to see how Case IH tractors with SCR technology can help prepare you for the future.

BE READY.

Warning: The Polaris RANGER and RZR are not intended for on-road use. Driver must be at least 16 years old with a valid driver's license to operate. Passengers must be at least 12 years old and tall enough to grasp the hand holds and plant feet firmly on the foot. All S&S drivers should take a safety training course. Contact 800-888-8888 or www.polaris.com or (507) 252-2288 for additional information. Drivers and passengers should always wear helmets, use proper seat belt practices, and use seat belts. Always use seat belts. Be particularly careful on difficult terrain. Never drive on public roads or paved surfaces. Never engage in stunt driving, and avoid excessive speeds and sharp turns. Riding and alcohol/drugs don't mix. Check local laws before riding on trails. ©2012 Polaris Industries Inc.
