## **IT'S A RETURN TO TOURING WITH A GREAT NEW EXHIBIT AND A SURE SIGN OF SPRING!**

*Welcome back everyone!! We are excited to be back on the bus and hitting the road again! We are starting the season with a wonderful touring exhibit at the Green Bay Botanical Gardens – “Washed Ashore”. It’s a travelling exhibit of larger-than-life sculptures of animals made from trash and debris washed up from bodies of water. It has traveled to botanical gardens, aquariums and other venues across North America, even the Smithsonian, but is making its only Wisconsin stop in Green Bay. We will enjoy a guided tour of the Gardens including the sculptures and then head off to a delicious lunch. In the afternoon we will make some fun shopping stops to get your yard ready for summer. We will stop at Taylor Creek (the idea store), and an amazing local greenhouse where you can shop, get some great advice, and purchase unique plants, yard art and more to make your yard the must see stop on the block! Can’t wait to see you on board again this spring.*
