

## Health Connections *A Message from the CEO*

Person Family Medical Center is a medical center that believes in making our community a better place. Whether it be helping those that can't help themselves to those that are starting to school and need some supplies to be the best that they can be in school. We also like to celebrate with our community the things that we have accomplished this past year with the help of our community. We have free clinics for those needing COVID vaccines and for those that need to be tested for COVID we are still here providing this service for you along with giving away free take home test. We served Hot Dogs to anyone in the community that wanted to come by and get a free Hot Dog as a show of our appreciation. Also, on Employee Appreciation Day we had representatives from our Local City Government, our State Government and the Federal Government Attending the employee appreciation ceremony was Mrs. Marilyn Newell, Mayor of Roxboro and NC Representative Mr. Mike Woodard as well as Mr. Sam Shumate representing the US House of Representatives 13 District the Honorable Ted Budd. I am so proud of Person Family Medical, Dental and Behavioral Health Centers and what they provide to the residents of our county and from surrounding counties. PFMC has plan to grow in the near future and with that growth there could be new services and streamlining the services that we currently provide. The week of August 7 thru Aug 13<sup>th</sup> we celebrated Community Health Center Week. Because we are proud to be your Community Health Center here in Person County.

**Mission Statement of PFMC, Inc.:** *The Mission of Person Family Medical, Dental and Behavioral Health Centers is to assure the availability and accessibility of superior quality primary health, dental and behavioral health care to the community and to facilitate timely access to secondary health care and support in accordance with the client's needs with special attention to underserved populations.*

Below is a summary listing of the services that Person Family Medical Center has available for Person and surrounding counties:

**Primary Care Medical Services, Dental Services, Pediatric Services, Behavioral Health Services**

In closing I want to say thank you for all that you do for Person Family Medical Center, Inc. Also, contact us if you are part of an organization that wants to learn more about our services or if we can come out and set up our new Mobile Unit and provide information or services to your organization.

Thank you!

Glenn M. Martin, CRCE-I, CEO of PFMC

August is named after the first Roman emperor Augustus Caesar. August birth flower is Poppy. People born in August have three stones to choose from - peridot, sardonyx, and spinel.

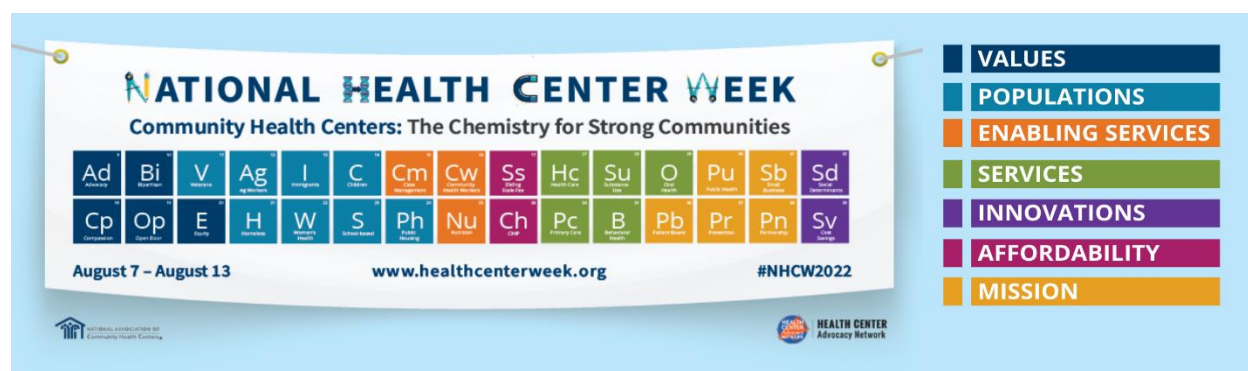

As many know the month of August many of us are busy as a bee. There have been numerous hot and very hot days, however heat is a part of summer, and it is suggested that as much as possible avoid long periods of direct sun exposure and if you must be outside in the heat, stay hydrated and wear cool clothing and a good sunscreen lotion.

August also marks the end of summer and back to school for students and teachers. Person Family Medical Center encourages every student from kindergarten to college to have a wonderful, safe school year and strive for excellence.

## Person Family Medical Center celebrates National Health Center Week

**National Health Center Week** (August 7 – 13) is an annual celebration with the goal of raising awareness about the mission and accomplishments of America's health centers over the past five decades.

Community Health Centers serve as the beacon of strength, service, and care in their communities. In moments of pain and loss, they offer support and love. In moments of triumph, they offer hope and a vision for the future. Community Health Centers play a major role in this country especially to the underserved population. Health Centers across the country came together during this week to celebrate the roles Community Health Centers have played in both our recent moments of loss and triumph.

Person Family Medical Center went out into the communities bringing awareness to include a hotdog luncheon for our patients and the community, Book bag give-away/ Hotdog lunch to the children at Roxboro Housing Authority, Blood Pressure Checks at the Christian Help Center, Local and State Official visited the health center, collaborated with partners in a Community Back to School Event and a COVID Vaccine Clinic for farmers and agricultural workers, meal included. The staff was also recognized of their great works with presentations from our CEO, Board Chair, and elected officials. City Councilman Mark Philips read the NHCW proclamation at the community back to school event.

### Thanks to our sponsors:

August 4<sup>th</sup> was bittersweet as we said farewell and well wishes for Dr. Russell, MD. Dr. Russell also served as the Medical Director during most of her tenure at Person Family Medical Center. She left to pursue her practice full time located in Warrenton, NC. PFMC patients, staff and CEO, Glenn Martin wished Dr. Russell well in all her endeavors and congratulations were in order as Dr. Russell, her husband and son eagerly awaits the arrival of a baby girl.

Letters have been sent out to Dr. Russell's patients informing them how they can continue to receive quality health care.

**Person Family Medical Center Welcomes Gina Filyaw
