WEEK'S EDITION!**

*Print Advertising  
reinforces your  
social media,  
website, radio and  
television  
advertising and our  
readers will keep it  
for future  
reference.*

*It also reaches customers  
who are without internet  
access or don't use  
social media.*

### Print Media & Advertising Advantages

Your business can pursue a number of avenues when it comes to promoting your products and services. Advertising can take the form of television or radio spots, placing billboards in high-traffic areas or using the Internet. You can also make use of print advertising, which offers its own set of advantages over other forms of media.

#### Unlimited Exposure

Print media such as newspapers and magazines allow for unlimited exposure. Unlike television or radio where advertising time is scheduled, prospects have potential exposure to print ads at virtually any time. A newspaper or magazine left on a coffee table can be viewed repeatedly and at the reader's discretion. The reader also has the opportunity to study the ad at his leisure and isn't limited to 30 or 60 seconds.

#### Non-Intrusive

Print ads in publications with voluntary pickup are less intrusive than other forms of media. Radio and television ads often interrupt programming which can sometimes be an annoyance. Direct mail fills your mailbox with unwanted "junk mail". With print media, the prospect has greater control as to when they voluntarily pick up a publication to look at the ads.

#### Target Marketing

Certain forms of print media allow for a high level of target marketing. Magazines, for example, tend to be highly specialized, so ads can be developed to appeal to a specific readership. If you want to reach a larger audience, and don't want to compete with other content (news, etc), a paper that is 'advertising only' covering an extended distribution area may be the best option for you.

#### Loyal Readership

Print media sources tend to have longstanding, loyal readership. People may read their copy more than once and may keep them for long periods of time. This frequent readership helps reinforce the advertiser's message or even develops an ongoing campaign that may cover multiple issues. Advertising in publications that have been around for many years can also lend credibility to the advertiser.

#### Position Flexibility

Advertisers usually have a choice as to where they place their ad in the publication. If the budget allows, the advertiser may choose the location that offers the highest visibility, such as the front cover or above the fold. Newspapers also offer the flexibility to choose the desired ad size, such as a full page or quarter-page.
