## Pritchett Tax Service

167 W. Broadway ■ Gallatin, Tn ■ 615-230-8453

**PRE-IRS ACKNOWLEDGEMENT OF LOANS UP TO \$3000 FOR SELF EMPLOYMENT & CLIENTS WITH W2's**

A Pre-Ack loan is a refund advance loan approved during the period before the IRS has issued its first acknowledgement of the tax season. The IRS issues its first acknowledgement of the tax season during the controlled launch phase of electronic filing, aka HUB Testing, the time period when the IRS tests the electronic filing system by receiving a limited number of tax returns in advance of the official opening of e-file.

To offer Pre-Ack loans, an ERD must first be approved by a bank to use its products to facilitate refund transfers, then be separately approved to offer refund advance loans, then be further approved to offer Pre-Ack refund advance loans.

What makes a refund advance loan a Pre-Ack loan is that it is explicitly marked as a pre-ack loan. An ERD should clarify with the bank if a refund advance loan application during the Pre-Ack period is presumptively a Pre-Ack loan, or if the taxpayer has the option of choosing between Pre-Ack or in-season (sometimes called "Post-Ack").

If the bank approves the taxpayer's refund advance application, and the advance is marked as Pre-Ack, the loan will be issued before the return has been accepted by the IRS. If the advance is not marked as Pre-Ack, the loan will be issued after the IRS accepts the return.

**We can also e-file 2023 & 2024 Tax Returns.**

**Paper file older returns.**

WEEK'S EDITION!**

*Print Advertising  
reinforces your  
social media,  
website, radio and  
television  
advertising and our  
readers will keep it  
for future  
reference.  
It also reaches customers  
who are without internet  
access or don't use  
social media.*

### Print Media & Advertising Advantages

Your business can pursue a number of avenues when it comes to promoting your products and services. Advertising can take the form of television or radio spots, placing billboards in high-traffic areas or using the Internet. You can also make use of print advertising, which offers its own set of advantages over other forms of media.

#### Unlimited Exposure

Print media such as newspapers and magazines allow for unlimited exposure. Unlike television or radio where advertising time is scheduled, prospects have potential exposure to print ads at virtually any time. A newspaper or magazine left on a coffee table can be viewed repeatedly and at the reader's discretion. The reader also has the opportunity to study the ad at his leisure and isn't limited to 30 or 60 seconds.

#### Non-Intrusive

Print ads in publications with voluntary pickup are less intrusive than other forms of media. Radio and television ads often interrupt programming which can sometimes be an annoyance. Direct mail fills your mailbox with unwanted 'junk mail'. With print media, the prospect has greater control as to when they voluntarily pick up a publication to look at the ads.

#### Target Marketing

Certain forms of print media allow for a high level of target marketing. Magazines, for example, tend to be highly specialized, so ads can be developed to appeal to a specific readership. If you want to reach a larger audience, and don't want to compete with other content (news, etc), a paper that is 'advertising only' covering an extended distribution area may be the best option for you.

#### Loyal Readership

Print media sources tend to have longstanding, loyal readership. People may read their copy more than once and may keep them for long periods of time. This frequent readership helps reinforce the advertiser's message or even develops an ongoing campaign that may cover multiple issues. Advertising in publications that have been around for many years can also lend credibility to the advertiser.

#### Position Flexibility

Advertisers usually have a choice as to where they place their ad in the publication. If the budget allows, the advertiser may choose the location that offers the highest visibility, such as the front cover or above the fold. Newspapers also offer the flexibility to choose the desired ad size, such as a full page or quarter-page.

# How will you market your business in 2026?

In a time when more and more people are doing their shopping online, it's difficult for small business owners to keep new customers coming through the door. Many turn to social media alone to market their business and some depend on direct mail, signs by the road or word of mouth referrals. But what about the hundreds of potential customers who do not shop online or search social media for an item or service they need?

They want to pick up a paper and read it and keep it for future reference. The Country Trader showcases your business in front of thousands of potential buyers each and every week.

The Trader is available online ([www.countrytraderonline.com](http://www.countrytraderonline.com) and on Facebook) and in print. We encourage our readers to 'shop local'.

So, how do you get new customers in your store?

ADVERTISE aggressively with great offers, coupons, and expanded service! Give buyers incentive to spend their money with you! .

The question is not "*Can you afford to advertise?*"

The question is "*Can you afford not to?*"

Country Trader offers your business the tools you need to not only survive, but grow and thrive by offering you the best possible value for your advertising investment!
