**Veva Baden**  
**The Piano Teacher**

Veva was born in Waseca, MN and went to school in Medford, MN. She went to Mankato State Teachers Collage where she earned a degree in music and english. She taught in Pipestone and Edgerton for many years in both music and english. Veva commented that her favorite students were the boys as they were good boys. Ivan Evink was one of her particular favorites. Veva taught piano lessons for over fifty years. Veva said "I played at weddings and if I lost my way I could play anything and get away with it". Veva said "I love my life around here and stay in good health". Currently, Veva is an avid reader and has a cozy room at the Sunrise Village.

### Happenings:

We want to thank Donna Piper for the books she brought to our library. I am a big fan of Louisa May Alcott and I thought I had read all of her books. Well Donna brought in a book I have never read and the author was Louisa May Alcott! I will have to get in line to read this one! We have so many avid readers here that the library is used daily!

Can you believe February is already here! Duane has a great view of the weather from his window. I love when the sun shines and his big smile comes out.

We made Valentines so we can get them in the mail!. We thank Grace Ausen for the use of her stamps and pads on our project. We had many beautiful cards by the end of our time.

We have a great line up of music this month. We do enjoy all the music entertainment. We can't help feeling blessed.
