

## “Gearing Up for STEM”

# March 20, 2019 Oak Grove Center

### Objective:

The STEM Workshop introduces beginner students to Robotics.

Mentor will demonstrate his robots.

Students will be part of a small group with a mentor.

Students will learn to construct do it yourself robots.

Students will have fun building and playing with robots.

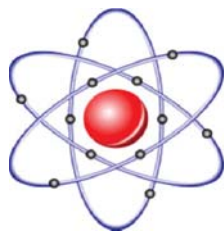

Sponsors welcome to donate scholarships for robots

at [communityoutreachministry.org](http://communityoutreachministry.org) or text

DONATE CHAMPIONS to 609-212-0627

to donate to Community Outreach Ministry.
