## January Right of the Month: Dignity and Respect/A Safe and Clean Environment

You have the right to dignity and respect in the care you receive and the setting you live in. This includes the right to be treated as an individual, be protected from any form of abuse and to be free from restraints. You have the right to live in and receive care in a residential setting that is homelike, safe, clean and comfortable

## CHAPLAIN'S CORNER

The Apostle Paul said "One thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus." January is the beginning of a new year. A new chance to get it right! May we look forward to what is coming and may we press on!

Bro. Tal

The month of December was very busy for our residents and staff! A few of the biggest activities they participated in were making gingerbread houses, shopping at our Christmas store and their resident Christmas party where they all got their pictures made with Mr. & Mrs. Claus and received a gift!
