I love my job because: I have the best co-workers and residents! I've worked in other areas of nursing and long term care is by far the most rewarding. My co-workers are always willing to help and care so much for our residents. I'm proud to be a part of MSCC!

September Right of the Month

September Right of the Month: Transfer and Discharge

A resident and his or her representative are entitled to thirty days advance notice of transfer or discharge and the reasons for it. However, transfer or discharge may be on shorter notice when the health or safety of the resident is endangered, the resident's health improves enough to allow for a more immediate discharge, immediate transfer or discharge is needed due to urgent medical needs or the resident has not resided in the facility for a period of at least thirty days.

CHAPLAIN'S CORNER

"Heaven's getting sweeter all the time." Those are the words of a gospel song. But those are also the heart's song for so many people. Last year my Mom went to be with the Lord and I have friends who have loved ones who have gone on. We certainly miss them, but what a comfort it is to know we can go to where they are when we trust in Jesus as our Savior.

ATTENTION FAMILIES!

If you received an Immunization Education & Consent Form please sign and return as soon as possible. We will be administering the flu vaccine in the next few months. This form will need to complete before your resident will be able to receive the vaccine. Thank you for your cooperation!
