EMPLOYEE OF THE MONTH Amy Hollingsworth

Spouse: Chad
Children: Paige, Emily, Faith & 3 grands
Church: Union P.B. & Salem Baptist Church

Hobbies: working out, spending time with family & junking with my friends

Department: Nursing for 14yrs

I love my job because: It feels like "home"! You have your momma & daddy (CMS Regulations-if you don't abide by you get in trouble), your siblings (all my wonderful co-workers), your grandparents (our amazing residents) and you have visitors dropping in (our sales reps, new applicants, family members & "lovely" state surveyors)! My job maybe challenging at times but it is most fulfilling!! Live life when you have it-Life is a splendid gift-there is nothing small about it. - Florence Nightingale

November Right of the Month: Resident Responsibilities

Along with their rights, every resident also has some important responsibilities. Residents have the responsibility to respect property, and privacy of others, keep our staff advised in matter of scheduling, assist in safeguarding your personal things, pay on time for all items and services you are responsible for, stay active in making your own choices, treat others with respect and courtesy and let us know if you have a question or concerns.

CHAPLAIN'S CORNER

November is one of my favorite months of the year. It is a time we set aside to be thankful. I am thankful for the Lord's provision. One of my favorite songs says "Thank you Lord for Your blessings on me." He takes care of us! It might not be all we "want" or how we "want" it, but He sure is faithful to give us what we "need". Aren't you thankful?

Bro. Tal

ATTENTION FAMILIES!

Cooler weather is here, the leaves are falling, and the wind is hinting of the winter to come. In short, now's the time to switch out your residents wardrobe for warmer clothing if you haven't already. Make sure when you bring your residents new clothes in that they are labeled with their names. Also you may want to provide a light jacket or sweater for them to wear when they are out and about in the facility.
