February Right of the Month:

No Discrimination/ Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color,

national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

receive care in a residential setting that is homelike, safe, clean and comfortable.

CHAPLAIN'S CORNER

There are things in this life that cause us to realize our weaknesses. There are things that let us know that ultimately, we are not in control of our fate. As we are recovering from being clobbered by the virus, as we have lost friends and loved ones, I am so very thankful for our God Who is in control and is the God of All Comfort.
