## January Right of the Month: Dignity and Respect/A Safe and Clean Environment

You have the right to dignity and respect in the care you receive and the setting you live in. This includes the right to be

treated as an individual, be protected from any form of abuse and to be free from restraints. You have the right to live in and receive care in a residential setting that is homelike, safe, clean and comfortable.

## CHAPLAIN'S CORNER

January, the New Year, a time to start again. New Year's Resolutions! Doesn't it just make you tired already? How about, let's not.

Let's not start the same old way. Let's not do the same old things

2 Corinthians 5:17 says: Therefore, if any man be in Christ, he is a new creation; old things are passed away; behold, all things are become new.

May this year find us living as new creations made new by being in Christ.

Bro. Tal
