

## The Buzz from 2 B's

It's really hard to believe that summer is virtually over, Labor Day is on us and school is starting again. We realize that we have been derelict in getting out the newsletter, and we don't have much of an excuse besides laziness. Business always slacks off for us between Memorial Day and Labor Day, so we're counting on business picking up since school's starting, and families are getting back to "normal" (whatever normal is in your house).

Once again, we're planning to be open on Labor Day by having a "Tag Sale" beginning on Friday, continuing on Saturday and ending on Labor Day. Pick a tag to determine the discount of 25% to 40% on your purchase. This sale applies only to regular priced fabric. These discounts do not apply to sewing notions nor to "sale" fabrics already marked down. **No other discounts apply!**

We're already planning our 12th Annual Fall Retreat on October 25, 26 and 27. Price remains at \$160.00, and your deposit to ensure a place must be paid by September 15.

Quilting classes continue at all levels as usual on Tuesdays and Thursdays. We're always open to consider new classes that you may desire; just let us know what you'd like.

Our long arm quilting machine is working well and has been idle for most of the summer, so we have room for your quilting.

Seniors 60 years of age and older can receive a 15% discount for fabric purchases on Mondays. You **MUST** ask for your discount before the purchase is rung.

Guild members can receive a 10% discount on their fabric purchase by showing a membership card.

All class fabric can be purchased at a 10% discount.
