

Hutchinson Regional Healthcare System (HRHS), an independent health system located in Hutchinson, Kansas, has retained Witt/Kieffer to aid in the recruitment of a Senior Vice President/Chief Financial Officer.

HRHS, a leading healthcare system in the region with 199 beds and \$140 million in Net Patient Revenues, has served its community and Reno County at a high level for more than 40 years. The system includes its flagship hospital, Hutchinson Regional Medical Center, Health-E-Quip, Horizons Mental Health Center, Hospice and Homecare of Reno County and Hutchinson Regional Medical Foundation. The new CFO will be a collaborative, authentic leader who brings a results-oriented approach tempered with compassion; a leader who has a demonstrated track record building teams and growing physician and staff relationships, combined with a performance-driven approach to operational and financial stewardship. This is a tremendous opportunity to join a system that allows executives to be nimble and impactful in their contributions to the health and wellness of their communities.

Reporting directly to the Chief Executive Officer (CEO), the Chief Financial Officer will be a key executive collaborating in the strategic direction and planning to support the mission and core values of HRHS. He/she will provide strong, visible financial leadership by being a consultant to the healthcare system and creating engagement and accountability for financial results with colleagues and organizational leaders. The CFO will be partnering with an enthusiastic, high performing executive team to continue Hutchinson Regional Healthcare System's legacy of quality healthcare and commitment to the Studer principles. The incoming CFO must think beyond finance and mentor, develop, and grow a talented team of leaders.

Hutchinson Regional Healthcare System is seeking candidates with a graduate level degree in finance, accounting, or related discipline and/or a CPA. Candidates will have a minimum of five years of current CFO experience at similarly sized organizations with multiple entities. They will have knowledge of the healthcare environment and key issues associated with hospitals, ambulatory care and physician alignment, ACOs, and alternative payment models in addition to an in-depth knowledge of all aspects of healthcare finance and strategic financial planning.
