

NATURAL GAS WHO OWNS WHAT?

Utility-Owned Equipment vs. Residential Customer-Owned Equipment

REVISED MARCH 2026

- Utility-Owned
- Residential Customer-Owned

This graphic depicts equipment owned by the utility (navy) and the residential customer (yellow). If damages occur to any equipment owned by the utility, FPU is responsible for repairs. If damages occur to any customer-owned equipment, the customer is responsible for repairs. Customers should hire a licensed professional when making repairs to customer-owned equipment.
