## LVG Spotlight

Did you know that LVG also helps with workforce development? We have access to a program through ProLiteracy called Workforce Atlas to help prospective workers better prepare for their future employment. It is a free online career pathway program designed exclusively with the adult learner in mind. We also have hands-on books for use as well. If you or anyone you know could benefit from this program please contact us via email or phone.

## Board Notes

Are you interested in online GED education, either as a learner or a tutor? Through GED Academy you have the opportunity to study for your GED online for free! As a tutor, you have the opportunity to help a learner to achieve this goal. We are still able to assist others seeking education through distance learning with a variety of online options. Training will be provided for those interested.
