LVG Spotlight

We hope everyone had a wonderful and safe holiday season! With the new year, we are hopeful for a brighter future, continuing to work towards our mission of equipping adults for tomorrow. With that in mind, if education is a New Years resolution for you (or someone you know), please keep in mind the educational opportunities available with LVG!

We have tutors available for parents or guardians who are looking to improve their ability with virtual learning and/or sharpen their math, science, social studies, and/or language arts skills given the new challenges of having children attending school in a virtual setting. Additionally, we continue to have tutors available for those interested in distance learning for adult education and GED preparation. LVG subscribes to GED Academy, an online learning program that helps adults achieve their GED. Learning can be done from the comfort and safety of home, with encouragement, guidance, and additional education through an LVG tutor by phone or Zoom. These services are provided at no cost to the learner!
