LVG Spotlight

Over the next few months, we'll continue introducing you all to some of our wonderful tutors and volunteers, both long-serving and new!

Norm Knight is a retired aerospace engineer who has worked as a contractor to NASA and the Department of Defense (DoD), as a tenured professor in aerospace engineering, and as a NASA civil servant. He fully retired in 2018 and

occasionally does some consulting in structural mechanics.

Joke of the Month

In my work I needed to be able to communicate, verbally and in writing, and also to be able to apply math and computational models to solve challenging problems. In my experience, many folks are afraid of math, but yet they use it every day without even realizing it. Once that connection is made, it is not as frightening and can be mastered. I have done GED tutoring in math, science, and English within the community and, when approved, for those incarcerated.

This month's 'So you think you can GED?'

Subject: Math! (from GEDPracticeQuestions.com)
