Students will learn the basics of how computers works, the difference between hardware and software, using Microsoft Windows, safely using the internet, email basics, utilizing Microsoft Office, and much, much more!

The curriculum will be taught by Janie Corbett, an LVG volunteer and board member with more than 40 years of experience working in the information technology industry, and nearly a decade as an adjunct professor.

For more information, please contact LVG at 804-693-1306 or Janie Corbett at 804-725-6292.
