Type of Service Requested: WaterNon-Sewer	ed WaterSewer	Electric
Size Water Tap:Size Sewer Tap:Size Electric Panel (Amps):		
Is there a well on the property? YesNoIs there a septic tank on the property? YesNo		
If there is a well on the property, you must sign affidavit. Ask customer service representative to explain.		
All residential customers must complete a <u>Cross-Connection</u> survey before obtaining service.		
Customer/Builder must set the elevation of all plumbing fixtures to allow for gravity flow sewer when the city sewer mains are gravity flow. Private pumps may be required if they are not.		
Distance from the closest fire hydrant to the furthest poi	nt of structure (feet):	
If this service is for anything other than a single family residence, modular or mobile home, the customer/builder must provide written plans before we process this form.
