

TERMS AND CONDITIONS

SERVICE includes video, data, voice communications, electronic messaging, and any related products or services. Service is provided to your address and is not intended for anyone outside of your immediate premises. These Terms & Conditions and the Acceptable Use Policy govern both the Service and any equipment or devices used to provide the Service. Customers with only a single service shall pay the current rate adder for a single service.

STANDARD INSTALLATION fees are normally waived for all customers. However, it is required that LightTUBE services be kept for six months or a \$300 installation charge will be assessed. Customers who relocate outside of the LightTUBE service territory will be relieved of this charge.

LightTUBE will provide the first 300' of fiber service line from the road at no charge to the customer. The service line will follow the path of the electric service, i.e. underground electric service will have underground fiber service and overhead electric service will have overhead fiber service. If a customer requires service to be extended beyond 300' from the roadway, their cost for this service will be:

\$1.00/foot for each foot beyond 300 for underground
\$.25/foot for each foot beyond 300 for overhead

Additionally, if TUB electric service is overhead but the customer wants their fiber service installed underground, customer shall pay \$.75/foot for the first 300' of installation distance from the road and \$1.00 per foot beyond 300'.

EQUIPMENT includes any facilities or devices that LightTUBE installs or connects to provide the Service, including but not limited to fiber optic cables, optical network units, set top boxes, remote controls, telephone adapters, and any other cables, connection, network or related powering devices. LightTUBE retains exclusive ownership of all equipment and facilities used to provide Service at your premises. You acknowledge that LightTUBE is not responsible for the operation, maintenance, service or repair of your television, computer, radio or any other consumer electronics, which may, from time to time, be connected to the Service.

Credit Policy: Deposits. LightTUBE reserves the right to review your previous billing history with Tullahoma Utilities Board (TUB) or LightTUBE, or access your credit history through a credit reporting agency. Based on your previous payment history with TUB or LightTUBE, or your credit report, LightTUBE may, at its sole discretion, require a deposit for Service and/or Equipment. For customers with credit scores below LightTUBE's requirement, the following deposits will be required:

Service Deposits:	Broadband Services	\$75.00 Minimum and up to two times expected billing amount
Equipment Deposits:	Standard Digital Set-top Box	\$75.00
	HD Digital Set-top Box	\$100.00
	HD DVR Set-top Box	\$150.00
	High Capacity DVR STB	\$225.00

Service deposits can range from the minimum \$75.00 deposit up to two times expected billing per month. For customers considered high risk, the deposit will be two times the expected monthly billing amount and two times the above equipment deposit. LightTUBE may reject service to any applicant with two or more disconnects for non-payment of any services in the last twelve months or any customer with unacceptable credit. Residential customers with good credit may have up to four set top boxes without a deposit, but all above four will require a deposit for each box.

Billing: Payment Terms & Late Payment Penalty. LightTUBE will bill all charges, applicable taxes and surcharges monthly in advance (except for usage-based charges, which will be billed monthly in arrears). Applicable charges will be set forth in LightTUBE's then-current fee schedule and posted on the LightTUBE website. Failure to pay the total balance when due may be grounds for disconnection of the Service ten days after the due date and/or a requirement for deposit(s), etc. A late charge of 5% will be added for all balances after the due date. LightTUBE will charge a reasonable fee for all returned checks, bank drafts denied, and bankcard charge backs. Any such returns of payment plus the return fee must be replaced by cash, cashier's check or money order within five days. If LightTUBE retains an agency or attorney to collect any amount owed, you will be obligated to pay all of LightTUBE's costs of collection together with reasonable attorney's fee. You must notify LightTUBE within thirty (30) days of your LightTUBE invoice date if you dispute any LightTUBE charges on that invoice or such dispute will be deemed waived.

Monthly Term: Automatic Renewal. Service is offered on a monthly basis. The initial monthly term will begin on the date that you receive Equipment from LightTUBE, and will terminate when the service is disconnected by LightTUBE.

Termination. Either you or LightTUBE may terminate these Terms & Conditions at any time by providing the other party with notice of termination, subject to the payment of applicable termination fees. Termination will be effective within 72 business
