

Tulahoma Utilities Authority
Ovoca Road Pump Station and Force Main
CWPRL 2021-16

A public meeting will be held on Monday, July 11 at 6:00 P.M. to allow public input on planned improvements to wastewater collection system. This project involves the replacement of an existing pump station and installation of a new 12-inch force main to increase the capacity and improve reliability of the collection system. Tullahoma Utilities Authority has applied for a Clean Water State Revolving Fund (CWSRF) Loan, and the project has been identified as CWPRL 2021-16.

The meeting will include a short presentation regarding the purpose and scope of the project, the anticipated probable cost of \$1,600,000.00, and anticipated impacts on user fees for the funding of the project. The meeting will be held at the at the Tullahoma Utilities Authority auditorium, 901 S. Jackson Street. Please use the south parking lot for access to the meeting.
