

In Memorium for the 6 Million Jews & 5 Million Others Exterminated During the Holocaust

Voices for Truth and Humanity co-sponsored Holocaust obituary statements as a reminder of the atrocities man is capable of perpetrating when innocents are dehumanized. Our hope is that parents and grandparents will be inspired to engage in conversations with their children and grandchildren about the lessons of the Holocaust, as less than 10% of public schools in the United States have a mandated curriculum covering the Holocaust, Slavery, and other Genocides.
