Merry Christmas & Happy New Year to All

Photos from Haul of Fame Museum

Thanks-Giving Meeting - November 2019

PRESIDENT'S MESSAGE

January-February 2020

It is hard to believe 2019 will soon be in our rear-view mirror. Where does the time go? I want to thank all those that attended our Thanks-Giving Dinner and Annual Meeting at the Haul of Fame Museum. Everyone enjoyed the dinner and I thought the meeting was very productive. The guys always enjoy touring around Denis Yaworski's place and seeing what "new" old stuff has appeared. The Haul of Fame Museum just seems to attract old vehicles that should be on their way to Heaven. Mrs. Yaworski doesn't know how they get there, they just seem to appear. Luckily the weather was nice for kicking tires and taking pictures.

I thought we accomplished much business at our annual meeting. When we came to "old business" and when I brought up the Scholarship one of our longtime members said "haven't we talked about that enough!" He was right, we have talked about it, researched it and talked some more and now the membership will vote on it. The membership voted not to have a scholarship. We also voted to establish our own website since National does not offer this to Chapters anymore. Tom Bachand and Harold Foskett explained their research on this and the vote was to move forward on establishing a Nutmeg website. Hopefully at our January meeting we will have a lap-top computer to show you what it will look like.

Our membership also voted on a list of charities that the Nutmeg Chapter will donate to in 2019. We had a very successful Truck Show this year and it reflects our donating \$7,000 dollars to twelve charities. This year we had members come forward and suggest charities and this is a good thing. While we won't be able to do all these charities every year, this was an exceptional year. We must thank our Show Chairman John Raymond, the volunteers, spectators and the over three hundred show trucks that came out on that beautiful day that we all prayed for.

We also selected our 2020 Show Truck. I believe we have the oldest "working" truck that I have seen at any of the shows I have been to. Maggie McCormick's 1934 GMC "Hot Dog" truck that works daily in East Hartford, CT will be our show Truck and it will be featured on our posters, dash plaques and tee shirts. This old truck is still working at 85 !!!!

I think that at this time of the year we tend to look back and see there are many things that we are thankful for. On Veterans Day, we thanked our Veterans who sacrificed so we could vote on Election Day and attend the church of our choice on Christmas Day. On Thanksgiving Day we thank those pioneers who sacrificed to establish our great country. They set sail with dreams of a country where they would enjoy true freedom. On Christmas Day we are thankful to attend the church of our choice and thank our Creator for all we have.

I am thankful for all the members of our Nutmeg Chapter who make my job as President & Editor easier. Our Officers, Board Members, show volunteers, research volunteers, those who contribute to the newsletter, those who help set-up and clean-up at meetings and the ideas and suggestions you have to improve our Chapter. Thank You.....

Thank you to Nutmeg member Mike Slebonick for his article on "Oversized Loads" in this newsletter. Mike works full-time and still found time to contribute to our newsletter.

Merry Christmas, Happy New Year, Happy Holidays.

See you in 2020...Hard to believe !!!!!!!

Don Arnauckas, President

Minutes of Nutmeg Chapter Meeting November 10, 2019

Call to Order: Donald Arnauckas, Nutmeg Chapter President, called the meeting to order at 12:10 PM.

Opening:

The meeting opened with the Pledge of Allegiance led by the Chapter President. In observance of Veterans Day, Don asked all Veterans to stand and be recognized. Don reminded members to visit the American Heritage Museum in Hudson, MA for a great history lesson. Don thanked Denis Yaworski for his hospitality for hosting our annual Thanks-Giving meeting at the Haul of Fame Museum. There were 88 members, spouses and guests present.

Secretary's Report:

A motion was made to accept the Secretary's Minutes of the September 15, 2019 meeting as they appeared in the Newsletter. The motion was seconded and the members voted unanimously to approve the Minutes.

Treasurer's Report: Tom Bachand Reporting period September 1, 2019 – October 31, 2019

1. Savings Account- No activity beside interest recorded

2. Regular Account

Income: 50/50 Raffle, Newsletter Ad, Dues, Meal Tickets & Woodstock Fair Donation

Expenses: BTS Graphics & Printing, Newsletter postage, Matthews Catering

3. Show Account Activity

Income: None

Expenses: Participation in Wishes on Wheels for 3 members

Tom stated that the Nutmeg Chapter is in good financial standing. The audit will be completed by January 31, 2020.

Membership Report: Thomas Bachand

Tom reported that we have 173 members. Dues are now payable for 2020. There is a reminder to all Nutmeg Chapter members that in addition to paying Chapter dues, it is required that we also pay the dues to National ATHS. All members who have paid both dues are eligible to vote on Chapter business.

Newsletter: Donald Arnauckas

The deadline for submissions to the Newsletter will be November 26, 2019 to allow us time to get the newsletter out before the Christmas rush. He reminded members to please let him know when and if they sell any of their items.

OLD BUSINESS:

Proposed Nutmeg Chapter Scholarship

Don gave a recap of the previous action taken by the Board of Directors regarding the proposal of a Nutmeg Chapter Scholarship as detailed in the November-December Newsletter. Charles Dainton made a motion to vote on establishing an ATHS Nutmeg Chapter Scholarship. The motion was seconded. Don asked for any discussion or questions either for or against the proposal and several members asked questions concerning where funds would come from and when. If passed, the first scholarship would come from the show profits of the June 2020 show. Don stated that a club member would need to oversee the scholarship. He also stated that because this was a scholarship associated with National ATHS, that those voting must be in good standing with National. He asked those not in good standing to refrain from voting on this issue. Paper ballots were passed out to those eligible to vote. Charles Dainton and Cynthia Foskett counted the ballots. The results of the 35 ballots cast were 16 Yes; 19 No.

ACTION: There will be no further action taken on the ATHS Nutmeg Scholarship. Don thanked all those who worked on this project.

Website and Social Media:

As reported in past minutes, National ATHS is no longer supporting Chapter websites within the ATHS website. National suggested that local Chapters rely on social media (Facebook) or established their own website. Harold Foskett and Tom Bachand have met with the company that maintains Harold's website and they will be able to set up the Nutmeg Chapter at a reduced rate of \$200 (usually \$450) with a monthly maintenance fee of \$45. Members asked questions of Harold and Tom, as well as commented on the benefits of having our own website along with Facebook. Tom noted that the increased interest

in our tuck show was a direct benefit of social media. While some members do not use the computer, many do and potential new members who visit the website could increase membership and interest in antique trucks.

A motion was made and seconded to vote on establishing a Nutmeg Chapter website for one year. Don noted that all members in good standing with the Nutmeg Chapter could vote on this issue. A paper ballot was taken. Charles Dainton and Cynthia Foscett tallied the vote. The results of 41 ballots cast were 36 Yes; 5 No.

ACTION: Harold & Tom will work with the webmaster and hope to have a tentative website up on a laptop at our January meeting. Don extended his thanks to Harold and Tom for researching this issue.

NEW BUSINESS:

Nomination of Show Truck for the Brooklyn 2020 Show

Don went over the requirements to be met to nominate a truck for the show truck; truck must be owned by a Nutmeg member; must be over 25 years old (1994 or older); owner must provide photos by January 1, 2020 to John Raymond; Truck must be complete and able to be displayed at the Brooklyn Show in Brooklyn, CT. Several members wanted to nominate the Wellington truck, however it is not owned by a Nutmeg member. Nominations were then taken. Daisy Miller nominated Maggie McCormack's 1934 GMC and John O'Connor nominated Chico Aragi's Ford. A hand vote was taken and Maggie McCormack was the winner with 25 votes. Congratulations Maggie!

Charity Donations for 2019:

Don stated that this was the first time in many years that members have come forward with suggestions for our Charity Donations. Tom Bachand announced the Charities for the Chapter's approval totaling \$7,000.

Haul of Fame Museum - \$1,500; Pomfret Boy Scouts - \$750; TEEG (Thompson Ecumenical Empowerment Group) - \$500; ARC of Danielson - \$500; ARC of Enfield - \$500; American Red Cross - \$500; Salvation Army - \$500; CT Lions Eye Research \$500; ATHS National Library - \$500; Mack Museum, Allentown - \$500 Willimantic Interfaith Ministry - \$500; Woodstock Cornet Band \$250. Don cautioned that future donations will be determined on the success of our show.

A motion was made and seconded to vote on the charities listed. The members present unanimously voted to approve the selection of charities for 2019.

Next November will be an election of officers, Don Arnauckas stated that he will fulfill his term as president but will not seek the office of president in 2020.

OTHER BUSINESS:

Future meetings:

January 12, 2020 Foscett Equipment, Woodstock, CT

March 15, 2020 Matt Pfahl's, Bethlehem, CT

Anyone who has suggestions for other meeting locations, please get in touch with Don.

Cares & Concerns:

Don noted that JD- Jim Dowd is not feeling well.

Don also told those present of an accident involving one of Matt Pfahl's trucks. While on their way to the Hershey show a driver passed in front of the truck pulling the camper. The car had missed their exit and slammed on the brakes wanting to reverse back to that exit. When the car hit the front of the truck that caused the driver of the truck to veer into the Jersey barriers. The truck was driven by Matt's good friend Bob Grandpre. Bob's Dad was riding in the passenger's seat and both were severely injured and the truck totaled. The truck was a Mack R-model day cab that was orange/yellow and recently restored. Matt wanted to remind members that these old vehicles do not have the safety features that we have today, nothing but hard metal in front of you. He also advised members to be sure to have proper insurance. Thankfully both men on healing well.

The 50/50 Raffle was held and the winning number (a guest) received \$154. The large jack-pot was because of the high pressure sales of the two young ladies selling the tickets. Thanks Carolyn O'Connor & Joanne Rooney!

The meeting adjourned at 1:40 pm and members enjoyed a delicious Thanksgiving Dinner.

Respectfully submitted, Kathy Arnauckas

NUTMEG CHAPTER NEWS

Nutmeg Chapter Membership Position Open. In order to fill all the positions for 2019, it was necessary to combine positions. Tom Bachand offered to continue being our Treasurer and take on the additional Membership position. It really needs to be two positions. Therefore, the Membership position is available and we hope that another member will step up and take on this role for the Chapter. Tom has done a superb job in both areas, but they are two separate positions. Speak to Tom and he can give you all the details of what the membership duties are.

Keep in mind that at the 2020 Annual Meeting in November, the office of President will be open. In 2019 we combined the two positions of President and Editor. In order to do a quality job in both positions, they need to revert back to two separate positions.

ATHS NATIONAL NEWS

At the National Board of Directors Meeting held in October, the Board voted to increase Dues effective May 2020.

Quoting from the November Issue of The Dispatch:

In order to maintain our current service levels and allow for planned growth, a small increase in membership dues was approved. Even with a small increase of just \$7 per member per year, ATHS membership and *Wheels of Time* are still the best value for old truck enthusiasts. With a growing list of benefits like the discounted insurance from Hagerty, along with building friendships with like-minded people from around the world, our dues are still comparatively low and generally affordable. (ED Note: Therefore the General Membership will go from \$45 to \$52 per year).

Directions to January 12, 2020 meeting at Foscett Equipment--187 Peake Brook Road, Woodstock, CT 06281

From the Brooklyn Fairgrounds: Take Route 169 to Woodstock, turn right onto Route 171. Foscett Equipment is one mile on the right.

From Route I-84: Exit 69 (Route 74 East) to Route 44 East to Junction of Routes 44 and 169 North. Continue on Route 171. One mile on the right is Foscett Equipment.

From Route I-395: Exit 47 (Route 44 West) toward Putman. One mile to Route 171 West (traffic light). Two miles on the left is Foscett Equipment.

Oversized Loads On Connecticut Highways

I am Mike Slebonick, an AHS member from Wolcott, CT and a UPS feeder driver (tractor trailer driver.) My current nightly run takes me from UPS Waterbury CT terminal (actually Watertown CT) to Willow Grove, PA located on the southeastern side of Pennsylvania.

On many mornings when reentering CT via I-84 East bound, many of us truckers are extended a friendly welcome from the CT DOT. While passing through the scale house, hopefully getting my usual wave to keep moving from the officer at the window, I've noticed many oversized loads parked there.

I have taken pictures of these loads and equipment used to transport them to their destination. Although not antique in nature, they are still interesting to see and appreciate what moves over the roadways.

I am a novice in the antique truck hobby but well aware of how the equipment in the industry has changed. The degree of difficulty just getting in and out of the older trucks, along with manual steering, multi-sticks and gear transmissions amazes me. All of those tasks must have taken much skill and expertise to master. For me, all I shift during my nightly run is my body in the seat.

Mike Slebonick, Wolcott CT
