What Is Broasted Chicken?

Genuine broaster chicken begins with the finest quality chicken, carefully marinated and coated with specially formulated broaster ingredients. then, as each order is received, the chicken is placed inside the broaster company pressure fryer, designed to cook each individual piece of chicken “under pressure” in the chicken’s own natural juices, limiting the absorption of the cooking oil and driving the marinade deep down to the bone while searing the chicken with a golden, crispy-crunchy coating
