

Governor Lee and his Economic Recovery Group (ERG) are requesting completion of a Tennessee state government business survey (link below). Responses will be used to help the Governor and his team develop policies to help the business community and covers a number of areas from PPE procurement, current operations and employment practices. They are eager to hear from all businesses about challenges they are experiencing and how state government can possibly help.

Also please see the attached [Tennessee Pledge](#). These suggested health and safety guidelines are to businesses who are opening up and for those who have been operating. This is not mandatory but businesses are STRONGLY encouraged to follow these guidelines which are largely best practices developed by health professionals.

---

**IMPORTANT TENNESSEE BUSINESS SURVEY:** Commissioner Ezell is asking that each of you complete the survey below. This should only take a few minutes and will provide valuable insight to the ERG and their efforts to safely reopen our economy.

You can access the survey [here](#), or at this address: [https://www.surveys.online/jfe/form/SV\\_bpf5EQN7RO4Y1Nz](https://www.surveys.online/jfe/form/SV_bpf5EQN7RO4Y1Nz)
