State sees decline in rate of uninsured people

Georgia's uninsured rate in 2014 fell by three percentage points, to 15.8 percent, mirroring a national trend linked to new coverage from the Affordable Care Act, the U.S. Census Bureau reported Wednesday. But Georgia's percentage of people without coverage last year was the fourth-highest in the nation, trailing only Texas, Alaska and Florida.(Ga Trend)

Lawmakers debate the 'how' of casinos, putting off 'should' until later

Jim Galloway reports that in the normal course of life at the state Capitol, gambling bills are nothing but clay pigeons. They are tossed skyward, then blown to smithereens by small teams of preachers armed with something better than shotguns – promises of church-fueled retribution back home. But on Monday, and then again on Tuesday, a flock of gambling pigeons took flight. And nary a shot rang out. (Ga Trend)

NOTE: A new casino will be opening on September 28, 2015 in Murphy, North Carolina, just about an hour north of Atlanta. And it will employ roughly 1,200 employees.

Gaming companies want to roll the dice in Georgia

Georgia lottery doesn't pay for as much college as it used to, and some lawmakers think casinos and horse racing might be a good way to make up the shortfall. The gap has state lawmakers' attention, and some are pushing for allowing casinos and horse racing as a way to prop up HOPE Scholarship funding. (Ga Trend)

Miss Georgia Betty Cantrell of Warner Robins wins Miss America crown

Warner Robins resident Betty Cantrell won the Miss America crown Sunday night. "This is so incredible. I can't believe it," Cantrell said in an emotional video interview posted to her Twitter page. "I thought I blew the on-stage question. I didn't know what he asked me. ...I am only the second Miss Georgia to win Miss America, and I am so happy to represent my state."

MORE PRAYERS NEEDED

An Arizona city council is weighing whether to change its regulations to allow only Christian prayer before local government meetings — a move that a city attorney and mayor warned could spark a litany of lawsuits. The city council in Coolidge, Arizona, voted on Monday night to amend its regulations to permit only Christian invocations, with members voting 4-2 in favor of the change, the Associated Press reported. Prayer at public meetings continues to be a contentious subject, with the Supreme Court ruling in the landmark 2014 Greece vs. Galloway case that opening invocations do not violate the U.S. Constitution — even if invocations sometimes stress Christianity. Walking in "paths of righteousness" does not protect us from the "valleys" of life, but we can be sure that the Lord Himself is with us and will protect us. Though we may be surrounded by what may seem to be the ultimate darkness brought about by evil, we can rest in confidence because we know that God's presence guarantees His protection.

"Your rod and your staff, they comfort me," wrote David. These two powerful words, rod and staff were not meaningless words - but words that describe the way that the shepherd guarded and protected his sheep.

The rod was used by shepherds to beat away any external enemy that might harm his sheep. The "crooked" staff was used by shepherds to snatch his sheep from getting in harms way. So, here we

have a picture of how our Shepherd watches over us. He guards us from any external enemy that would attack, defeat or destroy us. He makes certain that they will not come near us nor harm us without His arm being around us. Nor will he allow internal enemies - thoughts or ideas - that would cause us to doubt His love, mercy, grace or salvation to destroy the peace His presence brings us.

Our Shepherd's rod and staff summarize His role and describe the ways He will care for us if we allow Him. And when we allow Him to become our Shepherd we can say with David, "I will walk through valleys and fear no evil! They will not overcome me."

MEMORY TEST

Three old men went to the doctor for a memory test.

The doctor said to the first old man, "What is three times three?"

"274" was his reply.

The doctor worriedly said to the second man, "It's your turn. What is three times three?"

"Tuesday" replied the second man.

The doctor sadly said to me, the third man, "Okay, your turn. What's three times three?"

"Nine," I said confidently.

"That's great!" exclaimed the doctor, very relieved, "How did you get that?"

"Jeez, Doc, it's pretty simple," I said, "I just subtracted 274 from Tuesday."
