OBAMA and the POPE

During Meeting With Pope at The White House, Obama Claims To Defend Religious Freedom...Really? According to MSNBC, President Obama met with Pope Francis at the White House and claimed that his administration stands in defense of religious liberty.

"We stand with you in defense of religious freedom," Obama said. "You remind us that people are only truly free when they can practice their faith freely."

Except when of course:

1) The Obama administration is suing the nuns of Little Sisters of the Poor and forcing them into contraception mandates, violating their faith and taking away their religious freedom. A federal appeals court ruled Tuesday that the Little Sisters of the Poor must comply with the Obamacare mandate that requires their health insurance carriers to subsidize contraceptive and some abortion services for employees or face fines from the IRS.

Little Sisters, a global Catholic order with U.S. headquarters in Catonsville that has cared for the elderly poor here since 1868.

"Today the 10th Circuit ruled that government can force the Little Sisters to either violate their faith or pay massive IRS penalties," lead attorney Mark Rienzi said in a statement. "We're disappointed in today's decision."

2) Failing to stand for and defend thousands of Christians in Iraq and Syria who have been slaughtered and run out of the regions where their families have been living for centuries. In Syria and Iraq, there continues to develop a horrific human-rights crisis that evokes the darkest episodes of World War II. ISIS and other Islamist extremists are waging genocide, the most egregious of all human-rights atrocities, against Christians, Yazidis, Mandaeans, and other defenseless religious minorities, whom the administration, apart from last year's airstrikes to help the Yazidis, has failed. This religious genocide is distinct from but simultaneous with the region's wars. Similar to Jews under Nazi domination during World War II, the Christians and other minorities in the Middle East today are facing, in addition to the wartime privations suffered by the general population, a relentless and deliberate extermination campaign being carried out in the name of Islamic purification. In the summer of 2014, ISIS launched its caliphate from Mosul by marking Christian homes with the red letter "N," for "Nazarene," before confiscating them and exiling their owners. Since then, it has pursued Christians and the other minorities with a systematic intensity intended to delete every trace of their ancient presence. Solely for their religion, Christians and Yazidis have been beheaded, enslaved, abducted and sold, forcibly converted to Islam, and stripped of all their property. Their houses of worship and their cultural artifacts have been expropriated or demolished, including the fifth-century monastery in Qaraytain and Nineveh's fourth-century Mar Behnam monastery.

On a separate topic, I'm curious to know if the Pope is aware of President Obama's pro-infanticide, extreme abortion stance, or is he too focused on climate change to notice?

Walking in "paths of righteousness" does not protect us from the "valleys" of life, but we can be sure that the Lord Himself is with us and will protect us. Though we may be surrounded by what may seem to be the ultimate darkness brought about by evil, we can rest in confidence because we know that God's presence guarantees His protection.

"Your rod and your staff, they comfort me," wrote David. These two powerful words, rod and staff were not meaningless words - but words that describe the way that the shepherd guarded and protected his sheep.

The rod was used by shepherds to beat away any external enemy that might harm his sheep. The "crooked" staff was used by shepherds to snatch his sheep from getting in harms way. So, here we

have a picture of how our Shepherd watches over us. He guards us from any external enemy that would attack, defeat or destroy us. He makes certain that they will not come near us nor harm us without His arm being around us. Nor will he allow internal enemies - thoughts or ideas - that would cause us to doubt His love, mercy, grace or salvation to destroy the peace His presence brings us.

Our Shepherd's rod and staff summarize His role and describe the ways He will care for us if we allow Him. And when we allow Him to become our Shepherd we can say with David, "I will walk through valleys and fear no evil! They will not overcome me."

THE CHAIR

A philosophy professor walks in to give his class their final. Placing his chair on his desk the professor instructs the class, "Using every applicable thing you've learned in this course, prove to me that this chair DOES NOT EXIST."

So, pencils are writing and erasers are erasing, students are preparing to embark on novels proving that this chair doesn't exist, except for one student. He spends thirty seconds writing his answer, then turns his final in to the astonishment of his peers.

Time goes by, and the day comes when all the students get their final grades...and to the amazement of the class, the student who wrote for thirty seconds gets the highest grade in the class.

His answer to the question: "What chair?"
