Dear Steve,

And "Hello" also to Andrew, Kim, Troy and Dardo.

Our painting project here in Cross Creek Single Family II has drawn to a very successful close. Although the check has changed hands, I would like to add a personal letter just telling you how appreciative I am (as well as the home owners) for the great job your company did painting all the 54 homes here in our association.

The quality of work was excellent, BUT, more so was your ability to deal with the variety of attitudes, ages and wishes of all the individual owners. I can appreciate the monumental task of dealing with these neighbors and you all handled it with the utmost of professionalism and "grace". You made our job (Patty, Paul and myself) a pleasure.

Not only do I thank you but I would certainly never hesitate to recommend your company. Feel free to use us as a reference.

Again, Steve, a job well done. Please pass my gratitude on to your crew.

Sincerely,

Patrick R. O'Hagan
