1011 SW 1st Pl
Cape Coral, Fl 33991

Att: Steve, Andrew and Annmarie

I would like to thank you for the performance of the work you did at my home – cleaning, repairing all surfaces and painting of the whole house.

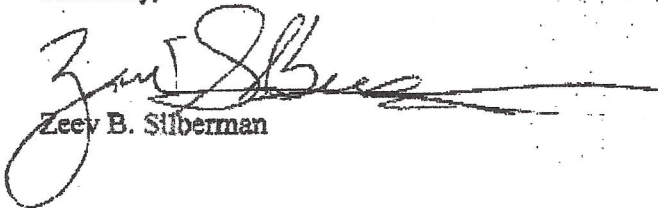

The work was done in total conformance with our contract and my specification for the use of premium materials (and as you know as an architect I was very specific and demanding).

Thank you and your team. I was impressed with their extremely professional and courteous performance and especially with your personal supervision of the project to assure a perfect job.

As an architect for over 40 years I have been involved in all phases of construction and I must say this project was the most pleasant painting experience I have had.

I would be very confident to recommend your services to all my clients and friends.

Sincerely,

Zeev B. Silberman
