Cape Coral, FL 33990

Dear Andrew:

Thank you very much for the excellent paint job at the Silberman's home. I would like you to use this letter as a professional reference and referral letter for your prospective customers.

I originally recommended your company to the Silberman's because Mr. Silberman was an architect for many years. I knew his technical background could be intimidating to some, so I needed to recommend the most professional company possible.

As your representative for PPG Porter Paints, I knew your reputation was very high with your past customers. I am very happy to say that you and your company exceeded Mr. Silberman's expectations. He is now referring you to everyone he knows.

I look forward to working with you on future projects. I am available to you and your prospective customers to discuss any paint needs on any home. Thank you and good luck in 2009!

Sincerely,

Greg Wagner
