Get to The Source

Welcome to The Ankeny Source, a unique annual guide for the residents of Ankeny, provided independently by the publishers of your local Ankeny Living magazine and the local businesses that advertised their goods and services in these pages.

In this handy publication, you will find answers to the many questions you have as a resident in the community. More than just a standard directory, The Ankeny Source is a comprehensive resource for those who wish to know who their city council or school board representative is, what churches are in town, or what local events are planned for the next year.

We've even included a city map, local historical information on the city, as well as details on city parks, the library and other various entities, complete with "numbers to know" should you need to reach out.

We hope you will patronize the local businesses advertising their goods and services to you. They know you have lots of options to spend your dollars throughout the metro, but your loyalty to them is truly appreciated. We are a small business, too, and we value the longstanding relationships we have built with our advertisers and our readers. Our goal in publishing The Ankeny Source is to help you to be able to enjoy living in Ankeny even more than you already do.

If you like this guide, be sure to thank the local advertisers and tell them how much you appreciate the information and their support. If you would like additional copies of The Ankeny Source, please contact Shane Goodman, at 515-953-4822, ext. 305, or email shane@dmcityview.com.

Of course, things can change a lot in a year's time, so be sure to contact the individual entities listed here for updates. We try our best to include as much information as possible, but if you notice any errors or omissions, please contact our editor, Tammy Pearson, at 515-953-4822, ext. 302, or email tammy@iowalivingmagazines.com.

Be sure to place this guide in a spot where you can easily find it and refer to it often. And then get out there and enjoy everything that Ankeny has to offer! ■

HISTORY OF ANKENY

John and Sarah Ankeny acquired the 80-acre tract of land on which the town of Ankeny was originally developed on July 11, 1874. They recorded the plat of the city that bears their last name on April 22, 1875.

The Ankenys built the first store and post office on the corner of S.W. Third and S.W. Cherry. A combination hotel and boarding house was later built. John Ankeny was a promoter and stockholder of the Minnesota Narrow Gauge Railroad, which was later built through the town of Ankeny. That track is now the High Trestle Trail.

The original development of Ankeny is known as “Uptown.” Going “downtown” meant you were going to Des Moines.

On Feb. 28, 1903, Ankeny was incorporated as a town, with a total incorporated area of 1 square mile. Seven years after its incorporation, the United States census indicated the city had a population of 445.

Telephone service quickly followed incorporation, and electricity was made available for the first time in 1907. Extensive electrical service was not generally available to residents until 1919 when the Central Light and Power Company was granted a franchise to operate a power plant in Ankeny.

AHERN WINS MEDALLION CONTEST —

Ankeny Councilman Ed Shepherd looks over the winning centennial medallion design by Skip Ahern, a student at Ankeny High School.

Ahern's drawing was one of seven entered before a group of judges. Skip won \$100 and a set of Medallions when they are made.

— Ankeny Press Citizen, April 11, 1974

In 1907, Ankeny's first fire department was organized on a volunteer basis. The firefighting equipment at the time consisted of three ladders and 24 galvanized pails.

Between 1932 and 1940, Ankeny experienced four major fires that almost

HISTORY OF ANKENY

destroyed the uptown business area. Most of the businesses rebuilt.

By 1942, the federal government had established an ordnance plant for the manufacture of ammunition on the site now occupied by John Deere Des Moines Works, Des Moines Area Community College and Prairie Trail.

INSTALLATION WORK AT THE NEW NORTHWESTERN BELL TELEPHONE COMPANY OFFICE
— Western Electric Company servicemen are installing equipment in the new building. The maze of cable pictured represents 124,333 conductor feet in the main equipment room. The work is expected to be completed in July, introducing Ankeny residents to touch-tone service and automatic number identification on direct-dialed calls. This is part of a \$2,500,000 two-year service improvement to the area. Bob Cardwell, left, with Northwestern Bell since 1962 in plant maintenance and engineering, is foreman in charge of the installation. Larry D. Cairns, Ankeny manager, at right, has invited inquiries by local groups for tours through the building during the installation period. — Ankeny Press Citizen, April 12, 1970

Ankeny's population experienced a rapid increase that continued after John Deere purchased the plant in October 1947. Production of corn pickers began in February 1948 with 570 employees.

By 1950, the town had grown to 1,229 citizens, and, by 1958, the first home mail delivery began. Ankeny was officially declared a city in 1961, and the number of residents living in Ankeny was 2,964 — more than double the 1950 total.

On June 18, 1974, a 20-minute storm rocked Ankeny, destroying homes, schools and a shopping center and killing two residents as they slept.

The 2000 census reported 27,117 residents. A special census taken in 2005 showed Ankeny's population at 36,161 and a land size of 26.45 square miles. Ankeny has seen tremendous growth in its size and

population. The 2010 census counted 45,582 residents and a land area of 29.14 square miles. The 2021 population of Ankeny was more than 70,000 residents.

RECYCLING AND GARBAGE COLLECTION

Metro Waste Authority's Curb It! program provides each residential household in MWA's service area with a 96-gallon cart with automated collection with every-other-week pickup. For those who generate less trash, 48-gallon carts are available. Requests for the smaller carts can be made by calling 24-GREEN. An exchange fee may apply. Check the lid on your cart for the pickup schedule in your area, and be sure to set your cart out by 7 a.m. For more information about the Curb It! program, call Metro Waste Authority at 515-244-0021.

Accepted items

- Plastic containers — “necked” containers and yogurt/margarine tubs
- Newspapers — including inserts
- Mixed paper
- Cardboard — must be broken down and cut to fit into cart
- Shredded paper — needs to be contained in a paper product such as a cereal or cardboard box or a paper sack
- Tin and aluminum cans
- Paper food cartons — milk (including soy, chocolate and cream), juice, protein drinks, wine, egg substitutes, soup and broth

Items not accepted

- Garbage or yard debris
- Food-contaminated material (e.g., frozen dinner containers)
- Plastic bags or containers with motor oil or other hazardous materials

Cart placement guidelines

Curb It! is an automated collection program designed to make it easier for you to recycle. When participating in automated collection programs, there are a few cart placement guidelines to follow. Your help is appreciated

in making it easier for carts to be collected.

- Your cart should be within 18 inches of the curb with the short metal bar facing the street. To avoid damage to public and private property, place the cart at least three feet away from mailboxes, lamp posts and other permanent structures.
- Place your cart on as level of a surface as possible but away from low-hanging tree branches.
- Yard waste bags, garbage carts, Curb It! carts and other large items should be spaced three feet apart.
- Close lids prior to pick-up — lids must be closed on your Curb It! carts in order for the recyclables to be collected.

Large scale recycling centers and recycling drop-offs

There are several Metro Waste Authority recycling drop-off locations that provide disposal and recycling options to Central Iowa residents and businesses. Visit www.mwatoday.com/waste-recycling/recycling-disposal-guide for information.

Cardboard recycling drop-off

Overrun with cardboard that won't fit in your Curb It! cart? Visit the free cardboard recycling drop-off located at the City Maintenance Facility, 211 SE Lorenz Drive in Ankeny.

City recycling events

The City of Ankeny and the Public Works department host a variety of recycling and clean-up events throughout the year. View Recycling Events at www.ankenyiowa.gov/316/Recycling-Events.
