**SECURITY. SAFETY.
SMART HOME CONTROL.
TOGETHER,
UNDER ONE ROOF.**

Honeywell Home ProSeries
by Resideo.

Introducing ProSeries.

EVERYTHING YOU NEED TO KEEP YOUR HOME SECURE, SAFE & UNDER CONTROL.

At Resideo, we know that your home is as unique as you are. That's why we developed our ultimate professional security system – to create a home where you and your family can enjoy life together, whatever your needs.

Whether you're looking for a system to protect against intruders, alert you to potential hazards or just welcome you home after a long day, ProSeries brings security, safety and comfort together in a hassle-free package that's easy to control and grows over time alongside your family. So you can relax and enjoy life – feeling protected by a network of security experts in a home that's as safe as it is comfortable.

THE PROSERIES PACKAGE

World-class security

Whole-home safety

Smart home control

Motion detectors

Motion viewers

Sensors

Professional monitoring

Sirens

World-class security.

THE ULTIMATE SECURITY BLANKET, TAILORED TO FIT YOUR HOME.

As a homeowner, nothing matters more than helping protect your home and the people inside it. So why put them in the hands of a generic, one-size-fits-all security system?

ProSeries offers flexible, professionally installed security tailored specifically for your home and family. It alerts you to movement and potential intruders, allowing you to verify these by video - so no more false alarms from mischievous pets! What's more, 24/7 professional monitoring can verify alarms and alert appropriate first-responders if necessary. Put simply, no matter how big or small your world ProSeries helps you keep it safe and secure, wherever you are.

Heat sensors

Smoke sensors

Flood sensors

Carbon monoxide sensors

Medical & panic transmitters

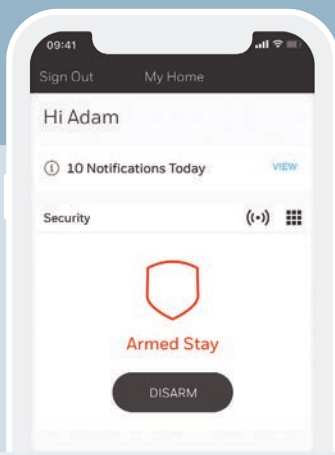

Whole-home safety.

OUR WHOLE FAMILY, BROUGHT TOGETHER TO PROTECT YOURS.

When it comes to looking after the things we love, we all want simple, reliable ways to keep our homes safe. But unfortunately, 'simplest' doesn't always mean 'safest'.

ProSeries combines the whole family of Resideo safety products to create a home that looks after the people inside it. From fires to floods, carbon monoxide to smoke – even medical emergencies – the system helps ensure everyone, no matter where they are in the house, knows if they need to get out quickly. And it's built and installed by home safety experts – no more guesswork with overcomplicated 'do-it-yourself' systems. So if you're looking to protect the things that matter most, trust a professional to bring security and safety together.

Voice control

Monitor from anywhere

Smart home integration

Automatic unlock/disarm

Scene setting function

Smart home control.

SECURE WHEN THERE'S AN EMERGENCY. INVALUABLE WHEN THERE'S NOT.

Life can be hectic, even if you're not worrying about an emergency or false-alarm at home. That's why ProSeries doesn't just help protect you - it brings all your smart home products together, allowing you to manage them all from one single system.

ProSeries connects your home, with dedicated touch-screen panels and built-in Amazon Alexa to control security settings, raise your temperature, adjust lights and much more; all with the touch of a button or a simple voice command.

When you're away, the Total Connect app ensures you stay in touch with your home. And when you get back, scene setting functions adjust lighting and thermostats automatically when you disarm the system - so you can enjoy a warm welcome.

The ProSeries system.

WELCOME TO THE FAMILY.

ProSeries is designed to be flexible. Its modular design is based on a single platform, so it adapts to any home. And if your needs grow, it can grow right alongside them. Our Pros can help you find the right solution for you and your budget, leaving time for you to focus on what really matters.

What comes next?

RELAX AND LET US TAKE IT FROM HERE.

No two homes are the same, and we're all looking for something a little different from our home security. That's why our network of trusted professionals work with you to tailor the ProSeries system to meet your exact needs.

While full control of the system stays in your hands, you can confidently leave installation, updates, maintenance and monitoring to our professional partners.

Expert installation from trained professionals not only helps ensure your safety and security is set up to the highest of standards from the outset; it also means you don't need to worry about complicated set-ups or tricky instruction manuals.

So just sit back, relax, and let the Pros take it from here.
