

# BEAUTIFUL BI-FOLDING DOORS

For unparalleled entertainment spaces, capturing breathtaking views, or adding a unique architectural feature to your home or business, choose a custom hardwood bi-folding door by Fontrick. With panel weight options up to 265 pounds, our bi-folding units fold effortlessly to the side, maximizing your usable space and creating a smooth transition from the inside to the outside.

Available in any door layout and multiple door configurations, our bi-folding units can create openings of up to 57'7". By partnering with Centor hardware, known for its engineered excellence, our bi-folding doors go above and beyond to create an indoor/outdoor living space you will enjoy for years to come.

**FONTRICK BI-FOLDING DOORS CAN BE DESIGNED IN A WIDE VARIETY OF SIZES AND STYLES**

Fontrick Door crafts custom hardwood doors and windows with a commitment to quality and design. Our craftsmen have an unrivaled passion for taking your unique vision and bringing it to life.

The following features complete any bi-folding door by Fontrick:

- Solid wood sill, ADA aluminum sill or floor channel
- Custom built head jamb
- CNC machining for Centor hardware
- Inswing or outswing door
- Drop bolt and/or multipoint locking systems
- Complete weather sealing package
- Centor screen applications up to 24' wide and 10' high

Utilizing Centor's E3 or E4 hardware systems, Fontrick Door's bi-folding units must comply with the following door specifications.

SPECIFICATIONS	E3	E4
Max opening width	52'	57' 7"
