The TrashBilling philosophy has always been to keep things simple. That goal and a belief that no one would mind if a stranger logged into their account and paid their trash bill for them has kept us from instituting a password requirement. Going forward we want to give you the ability to do more with your TrashBilling account. To do that we need to make sure your account stays secure and is only accessible by you. We will still keep TrashBilling simple and easy to use but you will need to create a password to continue to access your account.

Enter Payment Information

- Under **Make an Online Payment for...**, verify that your **name, email address,** and the **date** you want the payment to be made is correct.
- Under **Payment Method**, provide **bank account** information on the left, or **credit or debit card** information on the right.
- If making an ACH payment using your bank account then your cash discount will be calculated when you enter the payment amount. Example: Your cash discount price on your bill is \$36, you would confirm that cost in the payment amount field, and the total that will be applied your bill will generate in the Total field. You will only be charged what is put in the payment amount field. Note that in the picture attached that the trashbilling website has already calculated that the price will be \$37.11 if paid with a card or \$36.00 if paid with a bank account.
- (optional) To enroll in automatic payment, scroll down and select **Yes** in the drop-down menu beside **Sign me up for automatic payment**.
- To complete your entry, scroll down and select **Make Payment of Amount Above** at the bottom of the window. The Review Payment Information window opens.
