### **BUSINESS:**

**POLICE REPORT** – No Report

**PLANNING COMMISSION** – Surveyor, Dennis Evans, has contacted the township to have a correction made to a subdivision that was approved in 2010. The plan originally showed a setback distance of 200 feet and Mr. Evans said it needs to be changed to 150 feet. Jack Varaly will call Mr. Evans and tell him to send a letter and an electronic copy of the plan showing what changed. If Mr. Evans wants to go before the Planning Commission in May Jack will give him the date which is May 17th. Mr. Varaly reported that there will be two subdivisions submitted to the township by Joe Thomas in the future. Bill Bauersfeld asked if the supervisors had selected a replacement for Art Teel for the Planning Commission. The supervisors said they were told Art was going to resign from the board but the township has not received a written resignation from him. Bill said he would like to go on record and thank Art for his service to the township on the Planning Commission for all these years.

**ZONING REPORT** - Jack Varaly reported one zoning permit was issued in April for an above ground pool. There is no new information about when the hearing will be held for Jose Mendez. The Mendez property will go for sheriff sale in August and in June there will be a hearing where any interested parties can go to object to the sale. Mr. Varaly presented the supervisors with some suggested changes to the zoning ordinance regarding livestock, kennels, riding stables, solar energy and language regarding uses that are neither permitted or prohibited in the ordinance. Since it is assumed the Planning Commission will meet in May regarding the Dennis Evans request the supervisors will attend the Planning Commission meeting and discuss the proposed amendments at the Planning Commission meeting.

**ROAD REPORT** – Jim Yackiel reported the stop sign at the corner of Second and Walnut streets is gone. Jim reported the theft to the police. The Street Closed signs were placed on Lake Francis Road.

Jim cleaned out the debris at the railroad tunnel by the pump station, picked up trash on Red Shale, and started sweeping the roads. He got several of the streets swept but now there is a problem with the sweeper. He said it keeps blowing a fuse. Bruce Thomas and Mike Mack will look at it to see if they can correct the problem. If not they will find someone who can.

**ROAD INSPECTION** – Sheila inspected the Peat Moss Road and all the streets in Middleburg. She said all the streets in Middleburg have small cracks that she believes can be crack sealed. The intersections are a little rough but crack sealing should be sufficient. She does not think Peat Moss Road needs anything, however, there were some puddles in front of the Lunney property. Bruce stated out of the roads he inspected the Ice Lake Road would also need to be crack sealed. Mike Mack inspected the roads in Ramblewood. He said roads look pretty good except there is a little peak in the roads down the middle and he thinks the snowplow is hitting it and taking off the top coat of tar and chip. The supervisors will contact Don Totino to see if he knows a firm that would crack seal.

**EAGLE SCOUT RESOLUTION** – Motion by Michael Mack, second by Sheila Weaver to adopt the following resolution. Motion carried.

**CLEAN UP DAY** – Bruce asked if the township was going to have the Journal send out a flyer about Clean Up Day. Last year Electronics Recycling was held the same day as Clean Up Day and the flyer was reimbursed by the county because of the Electronics Recycling. It was decided to advertise Clean Up Day in the Journal this year. The secretary reported she ordered three dumpsters for the June 5<sup>th</sup>
