

Re: Letter of Recommendation Tenurgy

To Whom It May Concern:

Chassix, Inc. is a \$1.5 billion dollar tier one automotive supplier. It was formed by the merger of Diversified Machine of Wixom, MI and SMW Automotive of Troy, MI in 2011. The combination of businesses resulted in a new multi-location company and the need for a full service utility review.

Tenurgy's utility audit identified over \$500,000 in utility refunds and savings opportunities. Their unique approach gave us the ability to activate several of the items very quickly while allowing others to be reviewed and implemented at our own pace. Our experience with Tenurgy has been very positive and I would highly recommend their services to other purchasing managers and companies.

Sincerely,
