

To whom it may concern:

I would certainly recommend the services of Tenurgy to any company in the Hotel & Restaurant Management business. Tenurgy's No Obligation utility bill analysis is currently providing Labelle Management with savings just over \$100,000 annually while simultaneously assuring us that they are closely monitoring all of our accounts. Our business involves many utility accounts and is extremely difficult to monitor all monthly billings for accuracy.

In addition, the analysis was executed with very little involvement from our staff which allowed us to remain focused on our clients. Please do not hesitate to contact me directly to discuss our experience with Tenurgy.

Sincerely,

Tom Binder  
Chief Financial Officer
