

Blue Book Ballot

Returning Sanity to Montgomery County & Its Schools

Our endorsed candidate impressed us -- teachers (current/retired), parents, grandparents, and community leaders - with her extensive experience as a teacher and her commitment to improve MCPS so it benefits all students. She needs YOUR VOTE to defeat a status quo, union backed opponent.

UNITED AGAINST RACISM IN EDUCATION

Affirm the individuality & unique characteristics of EACH and EVERY student

Reject dividing students into categories of preference or inferiority

Strive for excellence and focus on academics so all students can reach their full potential

Support a balanced presentation of America's history including both our triumphs and our failings

Give ALL students respect, support, and a quality education rather than labels

Support the need for more mental health professionals and the return of School Resource Officers (SROs)

Support financial transparency and accountability

Support parents' rights to be fully informed about ALL programs their children are subjected to in school
