

Decisions Made in Rockville Shape Classrooms Across Montgomery County
That's why UARE focuses locally - on MCPS policies, school board actions, and issues that directly affect your child's education. Your donation helps us stay engaged, informed, and present where these decisions are made.

When parents support UARE, they strengthen a county-wide voice for transparency, safety, and parental involvement. If these issues matter to your family, please consider supporting our work by **making a donation to UARE today.**
