

Your booth is your temporary business location for the weekend. So, when deciding on booth size, allow room for your customers to enter your business. Forcing them to stand in the aisle, reduces their commitment to you and makes it easier for them to move on to the next exhibit. With the recent pandemic, folks are more tuned in to how crowded a space may feel to them, the more open your booth appears, the greater your chance for engagement.

Comfortable seating, padded flooring and attractive displays all work to encourage a longer visit and a stronger connection. Demonstrate, interact, and get your prospects engaged.

Booth space is based on a standard 10-foot grid system. Power comes out of the floor. So, bring a 50-foot, 14-gauge extension cord to make sure you can reach the nearest access point.

For each location in the show, the exhibitor is required to pay a **\$150** base fee which covers the general overhead of being in the show plus the show guide and website marketing elements. Each 10x10 booth unit is **\$650**. For each booth unit located on a corner (open on 2 sides to the public) there is a **\$300** corner fee. Call for special pricing on bulk display space over 10 booth units (1,000 SF). For exhibitors making in-show sales of small ticket items, contact show management for information on and space availability in the Shopper's Market area.

Position Options:

- Inline, neighbors on both sides
- Corner, neighbor on one side
- Endcap, no side neighbors
- Island, open on all four sides
- Side, half of a long island including the corners
- Walk-thru, open on two opposite sides

Pricing Formula = **\$150** Base Fee + **\$650** x Number of Booth Units + **\$300** x Number of Corners
