### Sponsorships

Leading companies in every category have the opportunity to become sponsors of our events. Sponsorship package investments range from \$250 to \$10,000. We have over a dozen standard packages or we can create a custom sponsorship package for the perfect match of benefits and budget.

Sponsorships can greatly expand your exposure to our target audience before, during and up to a year after the event. All options are priced at a small fraction of what it would cost you to create or purchase the same benefits on your own. Companies can be sponsors without purchasing booth space.

### Show Guide Advertising

We publish very robust full-color show guide magazines for our events. The guide is complete with detailed information on all exhibitors and sponsors registered at least two weeks before the event. There is also a booth map showing exhibitor names and the locations of special show features. Guides are distributed at the entry points to our shows, key points within the show and a digital copy is online for a year following the event.

Display ads and advertorials are available for purchase ranging from \$250 to \$1,900. Companies can be show guide advertisers without purchasing booth space.
