Windmills fight just getting started

by Seth Isenberg

With the application presented to Penn Forest Township for a 40-unit wind-powered electricity farm to be planted in pristine woods owned by the Bethlehem Water Authority atop the ridge, neighbors are preparing for battle. Iberdrola Renewables, LLC, has contracted with the Water Authority to use some of their land here in Penn-Kidder to build a wind farm. The proposal puts windmills as tall as 525' as close as a quarter mile from homes in Mt. Pocahontas, Towamensing Trails, Hickory Run Forest and Penn Forest Streams and highly visible in developments nearby.

So far, Iberdrola Renewables has requested a Zoning Board review. Their first meeting was at the Penn Forest Township Fire Co. #1 on May 12, and filled the hall (reportedly 200+ people).

Meeting attendees signed petitions and purchased bumper stickers, above. At left, Sue Pastore holds a sign that expresses an ironic point of view.

JPK: Seth Isenberg

That meeting went on for hours, and is continued to the next Zoning Board meeting at 7 p.m. on June 23 at the same location (arrive early if you want a seat).

State Representative Doyle Heffley held a town hall meeting at Penn Forest Township Fire Co. #2 on May 26. This was also a full house of over

"Say NO to the Bethlehem Watershed Wind Farm Project!"

Windmill opposition swells attendance at Penn Forest Township

by Seth Isenberg

May's supervisors' meeting brought out a standing-room only crowd in Penn Forest Township on May 2. Most of this turnout was due to plans for a 40-unit wind farm that have been revealed for the hilltop property owned by the Bethlehem Water Authority. That property runs from below the Mt. Pocahontas, Towamensing Trails, Hickory Run Forest, and along the edge of Penn Forest Streams. Electricity generating windmills 400 to 500 feet tall are planned within a quarter mile of some homes, and visible by most everyone on that side of the township.

Sixteen speakers made their feelings opposed to the windmill project clear. Many cited the damage to property values and quality of life.

Fears were expressed about health issues. Beltzville Lake Estates homeowners are fearful that construction atop the ridge including blasting, and especially removal of trees, will cause water runoff issues—flooding some lots in that development (some of which are already wet). There are written and online petitions started. All of those who spoke asked supervisors to oppose the project.

The other speakers that night were Maria Walker of Behrens Road, who thanked supervisors "for the lighting... and signage" now in place, and for how quickly these were put in place. "People are slowing down," she added.

Guy Biscardi, father of Richie Biscardi who died in a car crash on this road last year, came to express an

emotional "thank you." He brought a gift—of cannolis from Philadelphia—and also added his thanks to Maria and the neighbors who helped make this stretch of road safer for drivers now, and in the future.

Eagle Scout Logan Farnell, shown at right, presented a proposal to supervisors for erecting a flagpole with lights for the township park. The project was approved, with supervisors adding a flagpole for a state flag to it. The design is shown below.

With all the speakers, once the public session ended, the

crowd dwindled to about 12 people plus staff and reporters. Those remaining were surprised to hear that Phil Shedaker had sent his resignation from the board that day (he was absent this meeting). There was no further information on a reason—and the remaining supervisors voted unanimously to accept the resignation.

Shedaker was elected in

2013—serving 2 and 1/3 years. (Roger Meckes, a local builder, was appointed to fill the vacancy at a special meeting on May 18. Meckes, who has been a resident of the township all his life, was prompt in stepping up to express his interest to township officials (reported to be the only one who did so). He will

hold the position until the next municipal election, in 2017.

In other business, supervisors okayed the placement of a holding tank for sewage on a business property at 1398 Route 903. Responsible Recycling Services was selected to shred township records and documents at a fixed price of \$229.59. A new set of file cabinets and a printer desk were bought for \$1,100 ("a good price"). The township will advertise for bids to be opened at the June 6 meeting for paving of Wargo Road, and tar & chipping Meckesville Rd. Bids will also be sought for line painting for all of the township roads — last year's work didn't hold up.

Solomon Recycling was approved to charge another \$100 per extra pickup at the Transfer Station, as needed — possibly twice a month. Bulk garbage income was \$968 in April. Total garbage permits sold have reached \$272,655 with start of the new garbage year approaching.

Supervisor chair Butch

Reiner added a special THANK YOU to Jared of All Points Towing, who helped the township move a shed from the Transfer Station over to the park. It was suggested that the shed could become a concession stand.

The consolidation of two lots in Towamensing Trails for Josep Ritzel was approved 4-0, including another 4-0 vote okaying waivers and conditions.

The Jim Thorpe School Board has put forward Rick Tweed's name as their representative on the township's Park & Recreation Committee. Supervisors welcomed him unanimously.

In code officer Kathryn Forry's report, she issued 18 zoning, 5 building (2 new homes) and 10 sewer permits as well as 14 zoning certificates of occupancy plus 9 for buildings. Inspections were 30 for zoning, 32 UCC and 52 septic inspections. There is also one new zoning complaint to investigate, plus 5 follow-ups.

There were 16 right-to-know requests last month, with 19 completed. There were also 25 zoning and septic info requests taken care of.

Treasurer Tammy Mc-

Mahon's report, okayed 4-0, showed \$2,523,419 in the township's general fund, \$722,358 in sanitation, \$311,148 in Liquid Fuels, \$250,126 in septic, \$134,346 in capital reserve, \$30,630 in payroll, \$9,209 in SALDO, plus \$2,079,822 in Parks & Recreation, for a total of \$6,038,811. There's \$1,021,034 in the PLGIT and \$308,066 in the JTNB CDs.

Bills in April were \$41,131 from the general fund. \$30,000 was paid to Penn Forest VFC#2. Bills of note are a total of \$5,401 for two bills to Barry Isett & Assoc. (BIA) for engineering and professional services, \$5,000 for an insurance claim, PSATS insurance trust \$4,620, \$3,308 and \$3,191 to Nanovic Law Offices, \$3,907 to the PA Workers Insurance Fund, Touchpoint mailing \$2,943, \$2,653 and

\$2,228 to US Treasury for payroll taxes, EIT commission to Berkheimer of \$1,079, \$1,796 to Carbon County for 911 services, \$1,702 for staff's health and vision insurance to Highmark, \$1,186 to Altek for copier including overage, \$1,047 to PPL for electric, \$945 for payroll HAB taxes, \$554 to PPL, \$502 to WEX Bank for vehicle fuel, plus 24 smaller bills. BIA also earned \$5,188 for January and March bills for professional work for the township park project from the Parks/Rec fund, and another \$2,188 in SEO inspection work from the septic fund, and there was a \$530 refund from the septic escrow fund. From Sanitation, \$11,389 was

paid to Waste Management for garbage hauling, \$1,702 to Highmark for health and vision, \$940 for stamps, \$442 to PPL, \$386 to Solomon Container, and \$480 was spent for six other small bills.

Four press members and over 60 people joined supervisors Butch Reiner, Chris Fazio, and Scott Lignore, plus Judy Knappenberger by telephone, and four staff.

Township offices will be closed Memorial Day, May 30.

The next regular meeting of Penn Forest supervisors is Monday, June 6 at 6 p.m. for the work session, with regular meeting to follow at 7 p.m. at the township building on Route 903.

Kidder getting roads ready for spring

by Jeanine Hofbauer

“We’re not required to put in stop lines,” responded Roadmaster Bruce Berger to a resident’s inquiry during Kidder Township Supervisors’ May 19 meeting regarding striping and stop lines at the intersection of North and South Lake Drive. PennDOT considers it

to be at the township’s discretion, but supervisors agreed to explore the matter.

Discussing further road remediation, Berger reported pothole patching and line painting for crosswalks in the plans. Leaf pickups have been rescheduled after recent machine repairs delayed a previously scheduled cleanup.

With assistance from Tobyhanna Township he tackled brush cutting, which he stated “was done the best the machine could reach.”

Budgeting \$5,000 for Insurance Services Office up-to-date classification compliance

that cost \$3,850.91, supervisors approved Lake Harmony Fire Company’s request to use the remaining \$1,149.09 difference to purchase new hoses.

Bills totaling \$124,593.15 were approved including \$14,000 for Liquid Fuels and a \$38,000 fire tax distribution to departments.

Supervisors Berger, Thomas Bradley, Thomas LaFond, Barbara Franzosa, and Frank Pieri; Business Manager Lisa Klem, Township Secretary/Treasurer Suzanne Brooks, solicitor Dan Miscavige and approximately 20 members of the public were present.

Kidder Township’s next regular meeting is 7 p.m., June 16

at the Township Municipal Building in Lake Harmony.

Seth's Sightings by Seth Isenberg

This was another odd week with the weather. April showers, but in mid-May. So here we are in late May, and our trees are still not out in full leaf. At least one national media outlet is trying to convince us that April was the warmest on record, but look around up. Nature says otherwise.

We head into the Memorial Day weekend with a boost of nice weather that should move along the area's flowering plants. Our purple lilacs are beginning to fade though our white ones are still in their prime. Our lawn pinks flowers are nearly done, but the new warmth has triggered our rhododendrons. If it would stay warm, especially at night, I think we're also going to have a rather spectacular display of lilies ... coming soon.

I've located my flags for Memorial Day, and I hope to add a new garden flag to celebrate

the coming patriotic holidays.

The political chaos that is this year's primaries has me treating the political barbs like I do sports. As I start my day I check the latest news and sports scores from the late games, then look for the latest stinging insult to a candidate. Lately the Democrats have been after each other creating a new source of insults. I feel that having a contest undecided up to and including the party conventions is a good thing—in that it should make good candidates even better.

This year, the Democrats' Convention will be in Philly, easy driving distance for any local delegates, protestors, or political junkies. For the period of the convention, I have read that the bars in the area will be permitted to stay open beyond the 2 a.m. mandate (for celebrating, or drinking to drown sorrows?).

The Pittsburgh Penguins had some trouble with the Tampa Bay Lightning. Traditionalists wanted the Penguins, one of the older teams in the league, to prevail over the Florida upstarts. On Thursday, the come-from-nowhere Penguins beat the Lightning in front of former WBS Penguin stellar goalie Matt Murray, with two goals from former WBS star Brian Rust. Our team now squares off against the San Jose Sharks in an East Coast/West Coast matchup, with the Penguins having the home ice advantage.

The Red Sox are playing well, and the Phillies are a surprise to the baseball world. I'm

beginning to follow baseball. But, we're already seeing early practices for pro football and it's not long before college teams get their practices started.

Ruth and I were out over the weekend at Doggie Fun Fair Day. This was held at Schoolhouse Central in Albrights-

ville, at the old schoolhouse on Route 534. We brought Chess, who had a chance to meet a variety of pet lovers. She strolled into the schoolhouse as if she owned the place, then made the rounds of each booth and inspected

Sightings...

Continued from page 6

the generous donations to the Carbon County Animal Shelter. The event, a fundraiser for the shelter, also showcased the historic building.

We had to return to White Haven to drop Chess off, be-

cause the Blakeslee Rotary Club was hosting a veterans' dinner, and we were part of the crew. We met vets from Vietnam and Iraq and their spouses, shared dinner with them, and enjoyed a program.

Our Sunday was spent visiting my uncle in New Jersey. We enjoyed doing some errands with

him, and then dinner. On our way home we tanked up at under \$2 a gallon. Gas prices are up quite a bit this spring, so it's no surprise that the government is announcing that inflation is up. Gas prices affect everything. The problem is that this puts a squeeze on families' budgets. But worse, rising prices means

that the feds want to raise interest rates, which is going to push inflation up and squeeze family budgets all the more.

I'm hoping to see a Memorial Day parade or two, and then maybe find a way to take a day off. THIS is a birthday season, including this newspaper, mine, plus— *The*

Pipeline opposition group to meet

On Thursday, June 2, at 7 p.m. at the Towamensing Fire Dept. (105 Fire House Road near the intersection of Route 209 and Trachsville Hill Rd.), Save Carbon County will hold a special meeting for those directly affected by the PennEast/UGI pipeline and interested members of the public. Featured will be Maya von Rossum of the Delaware Riverkeeper Network, Karen Feridun of Berks Gas Truth and David Pringle of Clean Water Action, who are among the leaders in the two-state effort to stop the PennEast/UGI pipeline.

Linda Christman, spokesperson for Save Carbon County, said, "We are encouraging everyone that has an interest in stopping this pipeline to attend this meeting and add their voice of opposition." She noted the pipeline is already a year behind on their construction schedule and more delays are expected as the comment period for the Draft Environmental Impact Statement is expected to open within the next 90 days.

Further information can be found on their Facebook page.

CHECK OUT THE DONATIONS: Chess Isenberg shows her interest in the generous donations received during Doggie Fun Fair Day at Schoolhouse Central, as Michele and Tom Connors of the Carbon County Animal Shelter keep a watchful eye on her. *JPK: R. Isenberg*

Costs outweigh benefits for proposed windmill project

by Rep. Doyle Heffley

Atlantic Wind, a division of Iberdrola Renewables, is proposing to construct 40 wind turbines on a mountain ridge just above a housing development on the Penn Forest Township and Towamensing Township line.

As a lifelong resident of Carbon County, I am opposed to the possibility of wind turbines tarnishing our beautiful landscape. I understand the need for alternative energy, but

building 40 windmills along our horizon, nestled within the tourism-dependent Pocono region, is not the answer.

Further, windmills are neither effective nor safe. A report released by the bipartisan Pennsylvania Joint State Government Commission earlier this year found that wind energy projects destroy 42 times as much land resources as natural gas and 22 times that of coal to generate the same amount

of power. Windmills also are widely known to cause irreparable harm to birds and other wildlife.

While the American bald eagle is finally returning to Northeastern Pennsylvania, the federal government is considering a policy which would allow wind energy companies to kill or injure up to 4,200 bald eagles a year before they're required to take action.

I'm also troubled by the fact that wind energy com-

panies like Iberdrola Renewables are relying on federal tax credits to finance these projects. Meanwhile, the windmills will most likely be imported from overseas, sending our tax dollars to foreign manufactures. To put it into perspective, the federal government takes our hard-earned cash and gives to for-profit companies under the guise of renewable energy, and then sells the electricity back to you at a higher rate.

The only folks that stand to profit from this project are the Bethlehem Water Authority and a few corporate executives at Oregon-based Iberdrola Renewables.

The installation of windmills in Penn Forest Township, in addition to being an eyesore, will disrupt the rich natural habitat along the ridge. When it comes to this proposed windmill project, the marginal benefits certainly do not outweigh the costs.

A quick opinion:

The Bethlehem Water Authority has been a good neighbor to the Penn-Kidder area for decades. Now, they want to change the character of Penn Forest Township with huge towers – to generate electricity. If electricity generation is a new mandate for the BWA, why not put a hydropower station on the dams? This would be clean and green, simple

and barely seen. This windmill project is the wrong thing, in the wrong place.

I suggest the BWA is the place to protest. I also think that since the government of Bethlehem City appoints the Authority members, protests should also be made there.

Seth

At right is a model built by Al Wohlmuth of Albrightsville. He brought the model to the Penn Forest Township meeting. The homes are to scale, showing the sheer size of the proposed windmills, and proximity to the houses here. The toothpicks used to represent the tree line are to show how much of the towers will be exposed above the trees.

Meet Safe Haven rescue dogs

Meet Safe Haven dogs on May 29 from 11 a.m. – 3 p.m. at Flea Market at Grapevine Antiques, at the corner of Routes 115 & 209 in Brodheadsville (behind CVS).

Police Beat by Seth Isenberg

PA State Police will be conducting extra patrols in the area, especially over Memorial Day weekend, looking for aggressive drivers and any driver under the influence of drugs. They will also be paying attention to seatbelts continuing their Click-It or Ticket campaign - ticketing those not wearing their safety belts.

PSP reminds locals that

there will be special traffic patterns on Route 115 south of Blakeslee before and after the NASCAR Axalta 400 race in Long Pond on June 5 including one-way traffic southbound from Interstate 80 to the track from 8 a.m. on Sunday morning up to the race at 1 p.m., and one way north from the track to the Interstate from the end of the race un-

til the parking lots clear. Keep alert for heavy traffic all weekend, and avoid the area of the track that Sunday morning, and again after about 5 p.m. in the afternoon, unless attending the race. Drivers on Route 903 seeking to reach the highway, Blakeslee Corners, and north should be ready to cut through Split Rock in the morning on June 5. Brodheadsville bound drivers should consider using Route 537 during the morning, and from late afternoon to dusk.

An Albrightsville man is accused of criminal mischief

after a bank-owned home in the 100 block on North Shore Drive in Indian Mountain Lakes, Penn Forest Twp., had three windows broken overnight 5-4 to 5. The man is the former owner of the property, and was seen on the property by an agent of the bank. The man had been told he was not permitted there. The

accused has denied damaging the home, or knowing who did so. Criminal trespass charges are filed with the district court in Jim Thorpe, PSP-Fern Ridge.

PSP - Lehighton Trooper Bibla made a traffic stop of a car in Bowmanstown, and its driver got out and fled, 4:28 p.m.

Police Beat...

Continued from page 14

on 5-22. PSP and Lehighton Police have active warrants on him but haven't found him as of press time.

PSP-L has also been on the lookout for two teenage boys, ages 15 and 16, who escaped from the Youth Services Agency in Penn Forest Township at 9 p.m. on 4-11.

Keeping the Rubber Side Down ...

PSP-F's reports in the past month include a wide variety

of fender-benders, with not many injured.

A 73 y/o Albrightsville driver pulled her Ford Fusion out from the STOP sign on Towamensing Trail at Route 534—right into the side of an oncoming car at 6 p.m. on 5-4. While she was unhurt, the 21 y/o woman and her 16 y/o passenger in the Nissan Rogue that she hit were both hurt, needing an ambulance trip to Gnadon Huetten Hospital for care. The Fusion driver was ticketed for a STOP sign violation, and for causing the accident.

PSP Hazleton is investigating a crash of a Mazda 6 on Interstate 81 north in Hazle Twp. on 5-20 where the 33 y/o driver of a speeding car lost control of it, and slid into a berm, then hit a rock embankment. The car then spun back onto the road—and this ejected the driver and front seat passenger, 25, neither of whom were wearing seatbelts. The car then spun into the median. An 8 y/o girl was trapped inside, and the Hazle Twp. Volunteer Fire Co. responded and extricated her. The highway was closed during the rescue

attempt. PSP, area fire police, and PennDOT assisted. Everyone was seriously hurt—all were flown out by helicopter to LV Hospital. The child died on 5-22 from her injuries at LV Cedar Crest Medical Center. PSP-H is asking if any area driver saw the crash, and can help their investigation by calling them at 570-459-3890.

The Penn-Kidder Area is Not HIGH Enough for some

PSP-F arrested a 22 y/o Brentwood, NY man who was seen driving his vehicle unsafely along Route 903 in Kidder Twp. near the Penn-Kidder schools by a PSP-F trooper at 12:22 a.m. on 3-25. A traffic

stop was made, and troopers found the driver to be under the influence of alcohol. He was arrested and taken to PSP-F's barracks for a breath test. DUI and associated charges are filed at District Judge Joe Homanko's office in Weatherly.

PSP-L made several DUI arrests these past four weeks, including a 20 y/o man who crashed his car off Silver Fox Road, and was found with drugs in his possession when police investigated at 10:40 p.m. on 5-23. Roving and stationary patrols are planned in June (and into the summer) targeting DUIs.

Pocono green with NASCAR XFINITY

The first NASCAR XFINITY Series race at Pocono Raceway, the Pocono Green 250, will highlight sustainability initiatives at the track and the work of its partners. Pocono Raceway's President and CEO Brandon Igdalsky, a board member of the Green Sports Alliance and winner of local, regional and national awards for his sustainability work, has announced.

The Pocono Green 250 is Saturday, June 4 at 1 p.m. Tickets are available at www.poconoraceway.com or by calling 1-800-RACEWAY.

Pocono Raceway features a three-megawatt solar farm that powers not only the facility but the local community as well. Pocono Raceway was the first facility to rely 100 percent on solar power generated onsite with the opening of the 25-acre Solar Farm across the street from the raceway in 2010.

Pocono Raceway recently launched a partnership with Penn State University with an aggressive and ambitious goal to make the raceway a "near zero waste" facility. New food and beverage provider Spectra and Pocono Raceway are working with "Rock & Wrap It Up" on a food donation program to support local charities and food banks. A pilot program will begin this weekend with a local composting facility in an effort to divert bio waste from landfills.

Coca-Cola and Anheuser-Busch have contributed recycling bins to reduce the amount of recyclable items in the trash.

Pocono Raceway also works hand-in-hand with NASCAR Green. Partnering with the Arbor Day Foundation, the raceway has planted more than 8,500 trees, 8,000 of those as part of the NASCAR Clean Air Tree Planting Program which has planted enough trees to offset all national series NASCAR racing for the next 40 years.
