

ARE YOU A MIDDLE OR HIGH SCHOOL STUDENT INTERESTED IN A FUTURE IN HEALTHCARE?

This **FREE** virtual program gives students the chance to learn about a variety of careers from health professionals across Pennsylvania. Each session will include an engaging experience.

Students may attend one or all 3 sessions.

Students have year long access to the Career Development platform.

STUDENT TESTIMONIAL

"I really enjoyed the mental health section of the session and I would be more than happy to do something like that again and get more information. It was a great experience and I learned so much!." Sophomore - North Bradford High School
