Fundraising Opportunities

Cake Roll Fundraiser: Forms will be handed out first week of classes in September & forms and money (only 1 check payable to TNT, cash is also accepted) will be due October 6.

Butter braid Fundraiser: Forms will be handed out mid-January & forms and money (only 1 check payable to TNT, cash is also accepted) will be due Feb 14.

I believe both are \$5.50 per item sold as profit to the seller.

Fundraisers do not benefit TNT as a club these are at your disposal to raise funds for your personal account to use towards competition expenses, tuition, leotards/warm-ups, etc. There will be no refunds issued to you for funds raised if you happen to leave the program.

Meets/Fees/Etc.

of Meets Required for Xcel Team: You must compete in 2 meets prior to the State Meet (TNT's Mock Meet can count for 1 of these) & we strongly encourage everyone on team to compete at the State Meet! You are more than welcome to do more!

Coaching Fees: Included in competition fee pays for the coaches mileage to meet, food, hotel, & team fees.

Coaches at Meets: You may not always have the same coach at meets – but it will be someone who is familiar with meets & the rules. Due to different locations/# of team members we aren't able to have a coach from each location attend every session.

Awards: Coaches do not stay for awards - due to back-to-back sessions & needing to grab meals between sessions. Parents take pictures & share on our facebook page so we can include in end-of-year video.

Hotel/Travel: Parents are required to take care of their own travel, lodging accommodations if needed.

Dates of Competitions: Most meets will be listed as 3 days - you will only be competing one day & only required to be there for your session. I will post schedule when it becomes available 2-4 weeks before the competition. I have no idea what schedule will be until it is released as it changes year to year, so please wait until it is released to ask :)

Make-Ups: We ask that you stick to the days you register for as best as possible, but we do allow make-ups – they just must be made up as soon as possible. They cannot be carried over to future sessions.

Injuries: We encourage team members to keep attending practice if they are able/willing and we will have conditioning/stretching sheets & modified workouts for them – you will still be charged the monthly rate. You are also allowed to take a break during this time & your account will be credited – no refunds.

Outside Training: Team members are not allowed to train at other clubs. Exceptions open gyms/birthday parties/camps. You are allowed to make-up or pick-up other days at other TNT locations.

Routines: Xcel Bronze/Silver – have set “TNT” event routines that they will learn in class. Xcel Gold-Diamond are allowed to have their own floor music and routines – we encourage you to schedule a choreography lesson for floor routine & usually there is time to make up your beam routine in this lesson as well. Beam routines may be made up in class – floor routines WILL NOT be choreographed/made-up in class.

Choreography Lessons: Google Doc - link found on our website under “Special Events” - usually start booking these in July/August to ensure choreographers have time to get everyone in by October. We want them to have the routine early enough to get comfortable with them.

\$125 – Xcel Gold 1 ½ hrs; \$175 – Xcel Plat/Diamond & J.O. Level 6-10 2 hrs

Private Lessons: Google Doc - link found on our website under “Special Events” - usually booked out a month in advance. Costs below effective starting Sept 2020.

Maly: \$45/hour/1 person; \$35/hr/person 2 ppl split; \$30/hr/person 3 ppl split

Danielle: \$55/hour/1 person; \$45/hr/person 2 ppl split; \$40/hr/person 3 ppl split
