

North End Wellness Job Opportunities

North End Wellness and Counseling, a thriving group practice, is hiring full-time positions in the Boise and Meridian areas. Current clinicians earn \$75-\$80 per billable hour for fully licensed clinicians. Our clinicians earn over \$100,000 annually by working 25 or more hours per week. Non-fully licensed clinicians start out \$40-\$45 per hour based on experience level with weekly supervision. Once fully licensed then the clinician earns \$75-\$80 per billable hour.

All clinicians can set their schedules as they like so they can take time off that works best for them. North End Wellness is a very healthy work environment where employees feel valued, empowered, and respected and report high job satisfaction. Please send a letter of interest and resume if interested.

Clinicians have full caseloads and are able to take as many clients as they would like. Clinicians share that it is like being in private practice with a consistent referral source and without the hassle and costs that go along with private practice.

Please check out our websites at: www.boisecounseling.org and www.meridianidcounseling.com to get a better sense of our agency. Please send a letter of interest and resume if interested.

You can email me any questions, a cover letter and/or resume directly at davidcumminsphd@gmail.com
Have a wonderful day.
