

## PDOP

Pahrump Disability Outreach Program "PDOP" is a program dedicated to:

- >Any person who is a child affected by a disability and his/her family.
- >Any person who is an adult affected by a disability and had the disability as a child and his/her family.

PDOP is a multi-faced support group. We provide support to the parents, siblings, and other family members, of children with any disability.

PDOP provides families within our community a place to go for support, education, and training.

## SERVICES WE OFFER

PDOP offers advocacy for your child. PDOP will send a representative to go with you to your child's IEP meetings, or to any meetings with the school reference your child.

PDOP offers a social activity every month, which provides you a chance to enjoy time with your family with other families who understand your life.

PDOP has a weekly group for children 10 to adulthood where they learn and practice social skills and develop new skills.

PDOP's goal is to provide all families a place they can go for information and support.
