**You Can't Make This Up!**

Presidential Candidate VP Harris (and Border Czar) held a recent rally in Arizona, and to get in, folks had to show their ID. Wait a minute, I thought demanding IDs to vote was racist act to Harris? In fact, the VP doesn't even want IDs required for entering the U.S.! That's why 15 million+ Illegals from around the globe have walked in with effectively no credible ID or serious background checks, and get processed immediately with work permits, cash, and a ticket to anywhere USA.

**Here is a wonderful example of how the VP thinks regarding voting rights and illegals voting.**

In 2021, Harris gave her first interview as vice president on the topic of changes to voting laws with Soledad O'Brien on BET.

"I don't think that we should underestimate what that could mean," Harris said about allowing voter ID laws. "Because in some people's mind that means, well, you're going to have to Xerox or photocopy your ID to send it in to prove you are who you are. Well, there are a whole lot of people, especially people who live in rural communities, who don't – there's no Kinko's, there's no Office Max near them. People have to understand that when we're talking about voter ID laws, be clear about who you have in mind and

what would be required of them to prove who they are."

"Of course, people have to prove who they are. But not in a way that makes it almost impossible for them to prove who they are," Harris added.

Don't forget, illegals are "undocumented" i.e.- left their ID documents on the kitchen table at home before they jumped the border - and have nothing to photocopy!

Good lord, even Mexico requires an ID from it's citizens to vote! Experts believe 15-27 million illegals will vote in U.S. elections in 2024.

**Maryland My Maryland - We Are Tops In The Nation!**

Here is a sampling of the latest Maryland immigration related fiascos:

**Illegal Alien Communication Network - Keep Those ICE Agents Away!**

We are all quite aware of the communications difficulties between, and even within, the Secret Service and state/local law enforcement during the assassination attempt on former President Trump. What a shameful and extremely unprofessional event.

That's why I was amazed to find this outstanding Communication System distributed through the "Gilchrist Immigrant Resource Center" in Montgomery County, MD, and funded by the Montgomery County government with our tax dollars.

Who is the communication system intended for? You guessed correctly, the illegal alien community in Maryland. Concerned about ICE Agents coming for your arrest and subsequent deportation? No worries!

The system is called "Notifica" and its an app available to download free from the Apple Store. And what a brilliant description of the system!

"The app that will help you get prepared against deportation. If you've received a Notifica alert, go to the resources page. Use Notifica to plan, learn and act if you are at risk of being detained by deportation agents."

"Notifica helps immigrants prepare for a possible interaction with deportation agents, build their own Defense Network by adding family members, lawyers and local community groups, and send secure alerts just by pressing a button before the interaction." God Bless America!

<https://notifica.us/>

If only the Secret Service had used this high tech Notifica software to get in touch with

all their agents and local law enforcement on the ground, and at different locations. President Trump would have never been put in harm's way!

Notifica is the tip of the iceberg of free services available to illegal aliens at taxpayer expense in Montgomery County.

Through the "Gilchrist Immigrant Resource Center" illegals are exposed to six categories of resources: Immigration Legal Services, Citizenship, Know Your Rights, Family Preparedness, Immigration Agencies and Public Benefits.

And lets not forget about offered extra help to receive - "Food, Financial, Health Care, and Utility Bill Assistance" again at our expense!

All available at three illegal alien convenient locations - Wheaton, Gaithersburg and Silver Spring!

Time to ask MoCo County Executive Marc Elrich a question. Where is the "Gilchrist American Citizen Resource Center"??

### **"Video shows arrest of suspect in Maryland mom Rachel Morin's murder"**

This is what happens when we keep the ICE agents from doing their job in Sanctuary Maryland.

PG County Executive (and Maryland U.S. Senate candidate) Angela Alsobrooks presides over one of the most economically challenged and dangerous illegal alien swamped jurisdictions in the state. Baltimore City barely edges her out on this issue. Any wonder why PGC schools and hospitals are overrun and crime is on the rise?

**"Maryland ICE agents arrest a record breaking 161 sex offenders so far this fiscal year"**

Illegal Aliens in Prince George's County (home of Senate candidate (D) Angela Alsobrooks), Montgomery County, and Baltimore City - like shooting fish in a barrel! While efforts by ICE are admirable, it would be more efficient to keep the fish on the other side of the needed southern Border Wall.

Maryland — Before the sun is even up, federal immigration and customs enforcement (ICE) officers are gearing up for another round of early morning arrests. At 5:00 a.m., agents gather in a circle to detail their targets for the day. All are convicted sex offenders, found guilty on charges spanning from rape to child abuse.

"We will only target the worst of the worst," said Maryland's ICE Director Mathew Elliston. Those on Thursday's target list are part of a bigger push by Elliston to prioritize taking sexual predators off the streets.

"Anyone who does this kind of crime is more than likely to do it again," he said, "ICE is here to make sure that people like that are not granted the opportunity to stay in this country." Elliston says that mission, combined with Maryland's historically strict sanctuary policies, has turned a state thousands of miles from the southern border into the leading location for ICE sex offender arrests.

**"It's almost advertised as a safe haven. If you're illegally in the United States and you're committing crimes, come up to the northeast, go up to states like Maryland and New York, and you'll be safe," said Elliston.**

**In fact, ICE's Baltimore Field Office, whose territory encompasses the entire state of Maryland, currently makes up more than 30% of the arrests nationwide, according to Elliston. "We definitely lead the way by a lot," he said.**

And this year, they're bringing in more sex offenders than ever before. Thursday alone, adding three more to an already record-breaking count.

Compared to just 80 sex offenders arrested in 2022, and a historically high 152 in 2023, the Baltimore office has brought in 161 so far, this fiscal year, which concludes at the end of this month.

"This is a monumental arrest for us," said Elliston, "It is by far more than anyone's ever done."

FOX45's cameras captured the 159th sex offender arrest in Anne Arundel County. ICE says the Honduran national was convicted on a 4th degree sex offense. Court documents show he was accused of sexually assaulting his friend's 14-year-old daughter. Officers swarmed him as he exited his home for work.

Just a few hours later in Montgomery County, officers arrested number 160. ICE says the Mexican native was found guilty on two counts of attempted sexual offense in the

4th degree. Court documents show he was accused of sexually soliciting a minor.

“It really comes down to every single one of these guys that we arrest is one less person who’s going to get victimized tonight,” said Elliston.

**NOTE: MD Governor Wes "Nearly Bronze Star" Moore can with the stroke of a pen, force all local jurisdictions to notify ICE when releasing a violent criminal illegal aliens from jail!**

How interesting. Montgomery County still refuses to identify the number of illegals in our school system. You recall the issues that have plagued our public schools - bathroom rapes, violence in the hallways, gang recruitment activities, drugs on school grounds, our kids forced to learn Spanish in more and more illegal alien dominant elementary schools, and more.

**"Fly the Not so Friendly Skies with Uncle Sam"**

Who would have guessed that Democrat Tulsi Gabbard is on a DHS/TSA domestic terror watch list?? That's right, the former Democrat Presidential candidate, congresswomen from Hawaii, and Army reserve officer is now being tracked and frankly harassed by our government.

“Our electronics were swabbed for traces of explosives. And when we landed, my husband was pulled aside for another round of additional screening,” detailed the former lawmaker. “On the next several flights that we took our boarding passes were marked with the ‘Quad S’ and we were subjected to in-depth searches by the TSA every single time, each time taking 30 to 45 minutes. Every inch of our body patted down, every item in our carry on searched and swabbed for explosive residue and sometimes, going through this all over again at the gate before being allowed to board the plane.”

Federal Air Marshals, you know the guys that fly on planes incognito waiting for a hijacking to happen, are now following Tulsi and husband on all flights.

I thought the Air Marshals were all shipped to the Southern border by the Biden/Harris folks to process and give work permits to the flood of illegals pouring in the southern border? Its a waste of their expertise as there are no serious body searches, no swabbing of luggage for explosives, or even questions about their journey to America when "processing" illegals!

I get more "processing" when I pickup prescription drugs using my Real ID card from CVS!

Do these Air Marshals actually even fly on flights with the illegals the Biden/Harris Administration is not so secretly transporting around the country and dumping in a community near you?

Are Air Marshals onboard those many flights from Haiti, Cuba, Nicaragua, and Venezuela that bring tens of thousands of uninvited guests into our country, and dumped into small conservative towns? Flights that could be hijacked 9-11 style.

**"WSJ analysis: Unprecedented surge of migrants has 'remade' the U.S. labor force"**

For working class Americans of all races, nothing says you don't matter as when the Biden-Harris folks let millions of low wage earning illegals come in and steal your job. Thankfully Trump's deportation plans will remove major portions of these uneducated, unskilled, unhealthy, and unneeded border jumpers. This will stop the abuse of our labor market, education system, and social services. Americans should have first dibs on American jobs without competition from those who have no moral or legal right to be in our country.

Rest assured our illegal alien friends are a significant share of this increased crime across the country for the last 3.6 years.

Lots of things were said by Harris during the September 10, Presidential debate, some of it even factual. But on illegal immigration her record of inaction as Border Czar and support for open borders, with the related crime, drugs and fentanyl deaths, prostitution and human trafficking, housing shortages, gang violence, overrun schools

and hospitals, voter fraud, continues to remain the same.

As a former long-time federal career employee, I just do not understand how our DHS and Border Patrol agents would allow this to happen without screaming bloody murder to the media! You took an oath to the Constitution and the nation. Throw the damn CBP One Cell Phone Apps into the Rio Grande and call it a day. These lawless activities must end.

Moreover, from a humanitarian standpoint, these illegals should not be forced to walk our streets without food or shelter. Remain in Mexico, or Venezuela for that matter. You don't qualify for entry in America. One million legal immigrants a year is plenty.

<https://www.breitbart.com/border/2024/09/14/exclusive-cbp-one-app-migrants-released-into-u-s-no-asylum-questions-asked/>

**Illegals Cause Problems in UK, Germany, Canada and Belgium too!**

**"RIOTS IN UK - Working Class Brits Are Clearly the Problem! Sure They Are!"**

"There is two-tier policing in the UK where migrant Muslims and other radicals can do as they please (rape, rob and riot) while working class Brits get attacked and arrested for defending themselves. Sound familiar? The New Labour Government is adding fuel to the fire by siding with the immigrant thugs and criminals. The lack of a 2nd Amendment also hampers the ability of citizens to protect themselves from their government(That's why the Founding Fathers created the 2nd amendment!).

The UK and the EU are even after our citizens like Elon Musk who has taken a public stand against the illegal alien criminals in the UK and Western Europe. They are calling for the criminal extradition of Musk and other citizens. Why? Because they are speaking out in support of UK and other global citizens unfairly under attack by their governments while criminal immigrants rule the roost.

The 3 R's (rape, rob, riot) happened in Minnesota and around the country during the George Floyd nonsense. And it still happens in almost all major cities around America where liberal Mayors and Governors are in charge and allow illegal aliens and other criminals free reign."

Young people in Germany are also getting fed up with "foreigners" and illegal aliens pouring into their country. **"Report on Illegals Paying Taxes"**

Good gosh, it must be an election year. That's when we hear about all the wonderful financial contributions illegals provide our economy. And how we could not function as a nation without them! Who would pick the lettuce and apples? And cut the grass and work at McDonalds (like VP Harris did?), and other unskilled jobs.

**"MD Undocumented Immigrants Pay \$780M In Taxes, Study Says: Here's How"**

An estimated 259,000 undocumented immigrants in Maryland earned a total income of roughly \$8.9 billion in 2022, an ITEP study found.

Really? I wonder if these crack analysts reviewed detailed stats from other states like NY? NYC alone is paying \$5 billion for housing, security and food for these uninvited guests to our country. What about the cost to the victims of their crimes including the cops. Who pays for that?

Did they wander over to Baltimore where there are thousands and thousands of illegals are on the dole, overrunning our hospitals and in our schools (the largest expense - \$17K per student per year. K-12 = \$221K)? School costs alone outweigh the taxes illegals supposedly pay. Those in prison cost taxpayers \$30-40 grand each a year. Was that factored in? Or was it too dangerous to venture out into Charm City?

The reality is illegal aliens (compared to legal immigrants) are a net loss for our economy, our culture, our communities, and our way of life as Americans.

<https://nypost.com/2024/08/13/us-news/nyc-migrant-crisis-costs-will-crack-eye-popping-5-billion-on-shelters-security-and-food/?lctg=6079a64fdc3ab945724e6576>

### **"Center for Immigration Studies Says Less Than Half Of These Border Jumpers Actually Work"**

According to the Center for Immigration Studies, only 46% of these "new arrivals" contribute to the labor force, and of those, most are minimum wage gigs as the workers are quite uneducated and unskilled. The remaining folks are a drag on the economy, public school system, healthcare system, and taxpayers.

<https://www.visaverge.com/news/new-immigrants-employment-rate-only-at-46-according-to-census-data/>

The best method to improve the economy and tax base is to focus on citizens and their families. Jobs, healthcare, lower energy costs, and housing created by the private sector though lower taxes and lower inflation.

**Even Fed chair Jerome Powell blames the influx of illegal migrants for the rising unemployment rate.** We don't need more workers, especially non-English speaking, unskilled and uneducated.

<https://nypost.com/2024/09/18/us-news/fed-chair-jerome-powell-blames-influx-of-illegal-migrants-for-rising-unemployment-rate/>

### **"Import Tourists Instead of Illegal Aliens"**

Another solid investment? Focus on attracting Tourists instead of illegal aliens. Why? The number one or two sector in many countries is in fact tourism.

The study above, which focuses on taxes, neglects better options for America then trying to "put lipstick on the pig" regarding illegals.

Tourists are the best. Tourists actually show up with passports and other ID at the borders! Imagine that.

They pay transportation and passenger taxes, passenger facility charges, pay vehicle tax fees when renting cars, taxis and buses, state, federal and local gas taxes, and hotel/Airbnb taxes, grocery store, restaurant, bar, and shopping taxes, museum fees, etc. The list goes on and on.

**Best of all, they go home when their travel is complete!**

So no pressure like that caused by illegal aliens on our tight housing and job market, roadways and drivers licenses, public schools, hospitals, jails, social services, energy, welfare, food stamps, voting, crime rate, rapes, gang violence.

Amazingly, this loser was given a 5 year work permit thanks to weak Biden-Harris policies.

Papa Diop, 38, was arrested Saturday and charged with rape and sexual abuse in the vicious assault that took place shortly before 2 a.m. on Aug. 5 in the South Bronx, according to authorities.

Immigration officials said Diop had been arrested by US border agents in Yuma, Arizona, in May 2023 and was released without bail because of a shortage of detention space at the overwhelmed border.

He submitted an asylum application in January and was given a work permit that expires in 2029.
