Maryland My Maryland

Where would Maryland stand on illegal immigration without the likes of Congressman Jamie Raskin (D-CD8), State Delegate Nicole Williams (D-Prince George's) and State Senator William Smith Jr. (D-Montgomery County) among others? Maryland would most likely stand with the majority of Americans nationwide that abhor illegal immigration. Frankly, without those three politicians and many more like them, Marylanders would be a lot safer, healthier, and more prosperous.

Take for example the recent handiwork of State Delegate Williams, a black woman, and her pending bill, the so-called "Maryland Values Act", which is focused on ending all Maryland cooperation with Federal Immigration and Customs Enforcement (ICE) via terminating cooperative 287(g) agreements.

(Note - This bill was pending in the Maryland Senate when this newsletter was prepared. It could be terminated or passed in the next couple days).

Currently 7 MD counties have agreements with ICE - Cecil, Frederick (thank you Sheriff Jenkins), and Harford have more extensive agreements (Jail Enforcement Model). Four counties have lesser agreements (Warrant Service Officer). The big four counties - Montgomery, PG, Baltimore County and Baltimore City of course will have nothing officially to do with ICE.

There are over 492 agreements in place nation-wide with ICE and the number growing rapidly. These agreements are a force-multiplier in removing illegal aliens from our jails, streets and communities.

<https://www.ice.gov/identify-and-arrest/287g>

Despite the fact that Maryland has hundreds of thousands of illegal aliens residing in plain sight, including wanted criminals, gang members, child traffickers, and more, Nicole believes she is "doing good" for Prince Georges' and the state by pushing the Maryland Values Act! Seriously?

"I was elected by my constituents (including illegals I guess!) to come here to Annapolis to be the voice for the voiceless, to be the that voice for the people who cannot afford the expensive lobbyists that walk these halls. And it is incumbent upon us to have the courage to be a stopgap for all all Maryland residents (why not Citizens only?), to protect them from the worst of the worst, to be bold and be unafraid of doing our jobs."

God bless, but Nicole is lost out there in fantasyland. PG County ranks right behind Baltimore City in crime, third rate schools, and unemployment in Maryland. So this bill is going to help the "voiceless"? Nicole those folks are voiceless cause they are being robbed and raped, they don't have solid family structures, and they lack the proper education from our deteriorating public school system to get a decent job. (I note Nicole has multiple degrees but seemingly lacks common sense).

Eliminating programs like 287(g) will not assist our citizens, rather it will continue to allow illegal aliens to overcrowd our schools, bankrupt our hospitals, monopolize our social services, illegally vote, harm our citizens, populate our jails, and steal our jobs. Take that thought back to your constituents.

On the Senate side, State Senator Will Smith Jr, has similar issues with helping citizens vs his seeming allegiance to helping criminal aliens and gangbangers by wanting to fully eliminate ICE cooperation through the 287(g) program. Yet another educated guy who even fought the Taliban in Afghanistan, one would think Will would get it on illegal immigration? Obviously not. Will even hates the legal term "illegal alien", cutting off witnesses before his Senate Judicial Proceedings Committee who dare use the legally correct phrase.

Will, like so many other politicians in Montgomery County, PG, Baltimore County and Baltimore City, follows the lead of organizations like CASA of Maryland, which opposes any immigration cooperation/enforcement with ICE against their illegal alien clientele. Even the folks in jail convinced of serious crimes are off limits to ICE as far as CASA is concerned. Someone told years ago that the phrase "Never Bite The (illegal alien) Hand That Feeds" is carved into the wall at CASA headquarters.

Note - Taxpayers have paid for the CASA headquarters twice now. Once when the HQ, as part of a \$14 million renovation gift from Gov O'Malley and others, was the McCormick-Goodhart Mansion in Langley Park, MD; a second time when the CASA HQ moved to Rockville, MD and was provided with a sweet-heart decades long free lease. CASA, not to worry, still maintains the Langley Park Mansion site at taxpayer expense for other "multicultural activities".

And then there is Congressman Raskin who has suddenly become supportive of one Dad who was residing in Maryland who happens to be an illegal alien and an MS-13 gang member involved in child trafficking. The Trump Administration, while enforcing immigration laws, deported this El Salvadoran back to his homeland to join up again with his MS-13 gang tribesman. Jamie is his number one supporter and is demanding the illegal be returned to America.

Watch this weasel Raskin demand illegals be flown back from El Salvador to the U.S.

<https://www.breitbart.com/politics/2025/04/01/watch-democrat-demands-trump-return-deported-gang-members-u-s/>

This is a strange turn of events for Jamie (who is not know for his Dad skills anyway) as he was quite anti-Dad during the hearings following the January 6 protest at the Capitol. He showed no mercy or interest in any Dad downtown that day. And keep in mind that Jamie did not say a peep when Biden/Harris allowed 15 million illegals into our country in 4 years. Not a word about Maryland and other Americans injured, killed or put out of work by illegal aliens.

Bottom line is that Raskin and his ilk needs illegal aliens in America for the 2030 Census count and for voting purposes to help retain unpopular left wing policies and politicians.

I'm sure Congressman Raskin is supporting this illegal alien rapist/murderer, as the victim's name, Rachel Morin, Maryland citizen and mother of five has never crossed his lips!

You Can't Make This Up!

Massive Social Security Fraud

Elon Musk and DOGE have uncovered a huge Biden/Harris conspiracy where over 5 million, yes 5 million illegal aliens entering the U.S. over the 2021-2024 period were given Social Security numbers! That means these unvetted, uninvited, uneducated, unhealthy masses now have full access to Social Security and other programs for citizens.

Upon further study DOGE found that these 5 million were put on Max Social Security benefits without working a day in the U.S. It would take decades for an American citizen to earn Max benefits! Already 1.3 million of the 5 million have signed up for Medicare. They can also sign up freely for food stamps, disability, and more. All are allowed to work and register to vote. Many have illegally registered and some even voted in the recent elections. DODE immediately turned their names over to the Justice Department for prosecution.

HANDS OFF? HECK NO, HANDS ON!

...that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.

With regards to removing illegal immigrants from our nation, no one can question the tenacity of the new Trump Administration. The southern border is effectively sealed, with the northern border to follow shortly. ICE and other federal agencies are working around the clock to catch wanted criminal aliens, setting records. Many states and localities are also helping the cause.

Clearly implementation of the "Registering Alien Registration Requirement" has made the most settled and comfortable illegal aliens think twice about staying in the U.S. without returning home for proper vetting and paperwork.

But wait, there are more efforts coming to root out these non-citizens and end the growing drain on U.S. taxpayer resources. What are the odds that Maryland officials will take advantage of any of these new initiatives??

See the 3 new initiatives listed below:

Trump administration cancels translation services for those seeking to access or correct their immigration status

"The Trump administration will no longer provide translation services for individuals or businesses calling Homeland Security Department on questions related to their employment status or benefits." That's right, pay for your own translation services.

"Trump orders crackdown on noncitizen voting, fraud"

The order also directed Homeland Security to make its databases available, free of charge, to state and local officials who want to use the information to scour their own rolls for noncitizens who are registered.

"Florida sheriff's deputies make feds' jobs easier by catching illegal aliens by the truckful"

Maryland could do the same if our leaders were concerned about U.S. citizens. With Maryland's illegal alien population (many hundreds of thousands) it would be like shooting fish in a barrel! Virginia law enforcement has also joined with ICE. Time for Maryland to step up.

"Ahead of Tax Day, Fear of Filing Taxes Rises Among Undocumented Immigrants"

There is more to being an American Citizen than just paying your taxes. These paid taxes, by the way, don't nearly cover the economic, financial, social and education costs of their illegal presence in our country.

Organizations Supporting Illegal Aliens

Amica Center for Immigrant Rights

A 501(c)(3) nonprofit in DC

"The United States detains more immigrants than any other country in the world."

"Every day, people are torn from their communities and loved ones and sent to remote detention facilities across the country—often leaving children without caretakers and homes without providers. With no right to a public defender in immigration court, too many people are forced to navigate complex legal proceedings alone. We often serve as the last line of defense against detention and deportation for thousands of people."

"Our partners are crucial to our work challenging the nation's unjust immigration system and supporting our clients and communities with direct legal representation, impact litigation, education, and client-centered advocacy."

NOTABLE QUOTE:

"Lawmakers have limited tools at the state level to combat federal immigration policy. But I do think we have an obligation to do everything we can to protect those who are here paying taxes, going to work, going to school, contributing to our society, who have done everything right absent the fact that they don't have papers."

-Maryland State Senator (D-Montgomery County) Will Smith Jr., who opposes ICE and the 287(g) program utilized to remove illegal alien criminals from our streets. Will is a naval reserve "intelligence officer", served in Afghanistan and hates the legal term "illegal alien".

PEOPLE WHO **DON'T** WANT A BORDER WALL

Alien Registration Requirement (ARR) - Spread the Word!

On Jan. 20, 2025, President Trump issued the [Protecting the American People Against Invasion](#) executive order which directed the Department of Homeland Security to ensure that aliens comply with their duty to register with the government under section 262 of the Immigration and Nationality Act (INA) (8 U.S.C. 1302), and ensure that failure to comply is treated as a civil and criminal enforcement priority.

The INA requires that, with limited exceptions, all aliens 14 years of age or older who were not fingerprinted or registered when applying for a U.S. visa and who remain in the United States for 30 days or longer, must apply for registration and fingerprinting. Similarly, parents and guardians must ensure that their children below the age of 14 are registered. Within 30 days of reaching his or her 14th birthday, the previously registered alien child must apply for re-registration and to be fingerprinted.

Once an alien has registered and appeared for fingerprinting (unless waived), DHS will issue evidence of registration, which aliens over the age of 18 must carry and keep in their possession at all times.

It is the legal obligation of all unregistered aliens (or previously registered children who turn 14 years old) in the United States to comply with these requirements. Failure to comply will result in criminal and civil penalties, up to and including misdemeanor prosecution and the payment of fines.
