"Major Annual Salvadoran Event Cancelled in Gaithersburg.

Sponsors Concerned About Deportations & Endangering Immigrant Community"

Think Trump's Illegal Immigration Policies Are Having No Effect in Maryland?

Think Again.

This would have been the 20th Annual Festival this September to celebrate Salvadoran Independence Day. I attended this fun event in 2024.

And the word is spreading. "Organizers of the Megamart Cup, a soccer tournament that, according to its organizer, brings together the best teams in the DMV, also decided to take a pause."

"ICE agents are clashing with residents, putting local police in the middle"

CASA of Maryland and other illegal alien support groups are getting concerned that ICE is putting the squeeze on local police to assist with arresting wanted illegal alien criminals.

Local police are helping to stop lawless citizens from interfering with and attacking ICE agents as they should, not arresting illegals. ICE can handle the illegals just fine by themselves! Best if criminal alien supporters stay out of the way or risk arrest.

"Baltimore City passes another \$2 million for legal and other support for illegals."

No surprise here as blacks and other citizens are leaving Baltimore due to the crime, lawlessness, lack of social services and "world class" horrible public schools. Mayor and Council are desperate to keep illegals in town otherwise Charm City will become a ghost town.

"Usual Suspects Protest in Baltimore in Support of Illegal Aliens"

Hopefully none of these folks were raped or robbed in Charm City during the protest to free illegal alien criminals from the ICE Facility!

"Good News - Director Torres is Leaving CASA of Maryland!"

Rumor on the street is that Guantanamo Torres may be taking advantage of the \$1,000 Trump payment to leave the country before ICE comes knocking at his door. Could be headed back to his native Colombia or even Gaza City.

"Congressman Jamie Raskin (D-Maryland) loses it on DC street near Capitol"

I find it hard to believe that this multi-term representative is unable to answer simple questions regarding immigration from a reporter while walking to his office. Classy guy. Watch the video.

"Montgomery Blair HS students walkout of class to protest student arrested by ICE"

Montgomery Blair High School (Silver Spring) students decided to walk out of class to protest the arrest of an illegal alien schoolmate who seemed a bit old (18) to be a junior. ICE picked him up OFF CAMPUS as he must be on the wanted criminal alien list. Students had no clue regarding the reasons for his deportation of course, but hey any reason will do to skip class on sunny day!

DC News only interviewed two anchor baby students and one left wing politician to make their sad story. Not sure if students even knew his name.

Frederick County - "Equity grading under fire where F stands for 'fair'"

Frederick County Public Schools started a new program in 2024-2025 to help their massive illegal alien and anchor baby student population pass tests and graduate like their Asian and White schoolmates.

No classroom participation grades awarded (no speak English), keep taking tests till you get a C grade, and continue to resubmit essays till you pass! Life is good! School is a hangout rather than a place of learning. Frederick School officials say it works, but San Francisco just canned their Equity education program!

"Baltimore Eyes on ICE" - Weekly Protests"

I always enjoy reading the propaganda from these leftist groups crying about the wrong immigration priorities of the Trump Administration.

Creative Writing 101! It Just Drips With Such Passion and All the Usual Buzz Words! "Terrorizing, Violating, Due Process, Fascism". Check this out from the Action Network:

"MEETING LOCATION CHANGE: WE ARE NOW MEETING AT MCKELDIN PLAZA. EVERY MONDAY AT 5PM. We will march to the ICE Field Office at 31 Hopkins Plaza (George H. Fallon Building) at 5:50pm, but the majority of the protest will take place at McKeldin Plaza. See you out there!!

Join Baltimore for a weekly protest event: Eyes on ICE.

"The Trump Administration is cutting back many of this country's vital services, while at the same time ramping up ICE enforcement. They aim to spend \$48 billion dollars to expand immigration detention, while firing federal workers, cutting vital community services and eliminating the Department of Education. We don't want to live in their police state. We don't want a system that terrorizes and kidnaps our immigrant brothers and sisters, while it cuts and eliminates our vital education, nutrition and healthcare services!"

"We reject the Trump administration's cruel treatment of immigrant people. We reject the terror ICE inflicts on our immigrant communities. We reject the violation of the rights of ALL people to due process. We stand in solidarity with all working people and students. And so we are gathering every Monday to say to this Administration:"

"Stop hurting human beings! Stop hurting immigrant people! Stop violating human rights! Stop dividing us and stripping our communities of the resources we need to live dignified and fulfilling lives! Stop building up a surveillance and police state while eliminating the vital services we require to live!"

"Why we are standing up and fighting back:

To support our immigrant communities that are under attack. Kilmar Abrego Garcia, Elsy Berrios, Mahmoud Khalid, Rumeysa Ozturk, and countless others have had their right to due process violated by ICE and DHS. We fight for the justice they deserve."

"To demand accountability for the police and surveillance state that is enveloping our communities, and threatening the privacy rights of human beings to exist free of intrusion and overreach from the State. To demand accountability for the extrajudicial operations of ICE and DHS."

"We are standing up, refusing to obey in advance, and saying no to fascism!"

"Join us every Monday for a peaceful #EyesOnICE protest as Baltimore takes a stand against this Administration and its cruel anti-human, anti-immigrant, anti-worker, anti-student agenda."

"American Workers head to Nebraska Meat Packing Plant looking for Jobs!"

"Any remittance tax is 'absolutely unjust,' Sheinbaum says, after US House lowers proposed tax to 3.5%"

Mexican President Sheinbaum insists Mexican illegals working in America have the right to transfer money home without a tax. So our cost for social services, schooling, insurance, housing, food, energy, etc., for these illegal aliens is all on us? That remittance tax should be even higher!

Organizations Supporting Illegal Aliens

African Communities Together

Don't think that only Latino and Islamic Organizations are pushing to support illegal aliens in our country. The African Community also plays a major role in lobbying for citizenship for criminal illegal alien border jumpers.

The African Communities website is relatively calm in their offering of various services for immigrants....until you get to their Press Releases. These jokers are opposed to the English language, demand unlimited Temporary Status for their clientele, and even job permits/licenses for illegal immigrants (hair braiders). All based on the premise that Trump Administration policies are of course racist!

Alien Registration Requirement (ARR) - Spread the Word!

On Jan. 20, 2025, President Trump issued the [Protecting the American People Against Invasion](#) executive order which directed the Department of Homeland Security to ensure that aliens comply with their duty to register with the government under section 262 of the Immigration and Nationality Act (INA) (8 U.S.C. 1302), and ensure that failure to comply is treated as a civil and criminal enforcement priority.

The INA requires that, with limited exceptions, all aliens 14 years of age or older who were not fingerprinted or registered when applying for a U.S. visa and who remain in the United States for 30 days or longer, must apply for registration and fingerprinting. Similarly, parents and guardians must ensure that their children below the age of 14 are registered. Within 30 days of reaching his or her 14th birthday, the previously registered alien child must apply for re-registration and to be fingerprinted.

Once an alien has registered and appeared for fingerprinting (unless waived), DHS will issue evidence of registration, which aliens over the age of 18 must carry and keep in their possession at all times.

It is the legal obligation of all unregistered aliens (or previously registered children who turn 14 years old) in the United States to comply with these requirements. Failure to comply will result in criminal and civil penalties, up to and including misdemeanor prosecution and the payment of fines.
